

# Directions

Yay! You bought a house, congratulations! Let's keep those good vibes going and the stress to a minimum by prepping for a smooth move! One of my favorite Smooth Move Tips is creating a box tracker so you can quickly find what you need once you get everything into your new home!

## Here's the best way to use your Box Tracker!

1. Assemble and pre-tape the bottom of your boxes.
2. Use your Sharpie to number your boxes. You can additionally write Living Room, Bedroom, etc. if you want.
3. Write the box number on your tracker then detail the contents of the box next to the number.
4. Close your box and tape shut!
5. Move to the side for your movers.
