## Featured Project

### Historic Dublin Barber Shoppe

We are excited to share the successful completion of this family-owned barber shop in historic Dublin! One of the key highlights of this remodel was the expansion of the "front of house" area, which now boasts an additional barber station with new full-height cabinets for extra storage. We made significant changes to the break room by removing a wall, installing new flooring, and introducing a modern kitchenette featuring stylish cabinetry and countertops. We added a table and booth to create a relaxing seating area, and lockers for secure storage. The team takes immense pride in this transformation and is delighted to have contributed to preserving the charm of this beloved small business.

## Leading the Way for Women in Remodeling

We are thrilled to announce that three of our talented team members have joined the Women in Remodeling Committee, run by the National Association of the Remodeling Industry (NARI). We are so proud of Samantha, Marian, and Abby for dedicating their time and resources to help create an industry where women can grow both personally and professionally. In addition to their involvement, they have graciously volunteered to lead the Charity and Good-Works sub-committee. Their commitment to community is truly commendable, and we look forward to more impactful endeavors from these outstanding ladies!

## From Conception to Completion

### Design Agreement

**1** Entering into a design agreement allows our designers to begin turning your ideas into real world possibilities.

### Design Development

**3** Visit some of Columbus' best showrooms with our interior designer while we figure out all the project details. We'll locate mechanicals, create construction documents, run engineering, and submit for permit!

### Build

**5** Construction begins! Our project managers will be there every step of the way to communicate plans and answer questions. You'll get to meet our incredible field team and watch your project come to life.

### Schematic Design

**2** Our team is ready to find the best layout for you! We will develop multiple schemes for your project and present them to you in your schematic design presentation. After we've discussed all your likes and dislikes for each layout, we will choose one, or a combination of multiple, to begin developing.

### Pre-construction

**4** It's time to review your work order and meet our Project Managers! We will discuss every detail of your project, set your start date, and review the project schedule.

## Employee Spotlight

### Noah Fargo – Remodeling Specialist

Noah is a rising star in our remodeling team! He joined us a few short years after graduating from the Delaware Career Center and has impressed everyone with his exceptional carpentry knowledge and expertise. Whether it's installing trim, building shelves, or crafting custom cabinets, his unmatched attention to detail shines through in every project. Noah attributes his incredible work ethic to his grandfather, firmly believing that persistence and going above and beyond are the true keys to success. When he's not busy delivering outstanding work, Noah enjoys spending time with his family and cheering on his favorite football team, The Browns.
