Add On: Render of your final space if requested

Post Project Support

Out of Stock Products - 2 weeks

- Your Design Team will replace out of stock products for two weeks following the final design.

30 Day Check In Call

- Your team will reach out to schedule a call 30 days after your final deliverables to offer support as needed.

Design Do-Over

While the majority of our clients are very happy with their designs through our design process, if you realize a few weeks after the project that you want to go a different direction with your space, please reach out! We will schedule a Design Clarity call and then embark on a Do-Over. The Design Do-Over fee will accommodate your project in our design schedule and account for additional design time.

- Design Do-Over: Includes 1 hour Design Clarity call + New Design \$500
