To Whom It May Concern,

Waterford Township, Michigan has been utilizing the Vaughan Chopper Pumps successfully since the late 1980's. Since then, we have over **30 lift stations with 60 pumps** in service.

One station for example is Clinton River Pump Station. This station had to deal with a lot of grease and sanitary waste from several restaurants in the area. We had to use a Vactor Truck 2 times a year to suck out all the grease and settled debris. Since installing the Vaughan Chopper Pumps in 2008 we have not experienced any failures and/or had to clean out the pits. These pumps run 24/7, 365 days a year. The township has saved over \$100,000 in maintenance costs since installing the Vaughan Chopper Pumps. In conclusion, all municipalities should consider using these Vaughan Chopper Pumps where they have clogging issues.

Respectfully,
-Scott
