ADD CONDITIONER BAR

[View Product Details](#)

Is a Peanut Butter sandwich the same without the jelly? Level up your zero waste haircare routine by pairing a **shampoo bar** with a **conditioner bar**.

Conditioner formulas are ultra-hydrating and nourishing, packed full of natural oils, proteins, and botanical extracts that help protect hair and keep strands soft, shiny, and smooth. With continued use of our Zero Waste Conditioner Bar, your hair will be more manageable, less prone to breakage, and healthier than ever.

All our bars are handmade in the USA!

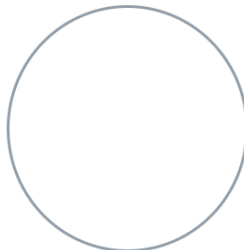

HOW TO USE

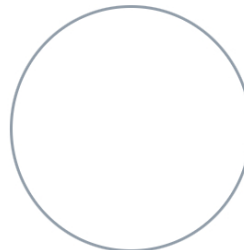

In 4 Easy Steps:

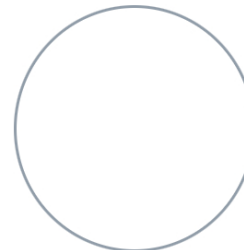

Step 1: Wet your hair and the shampoo bar.

Step 1: Lather in your hands or by directly applying the bar to your hair.

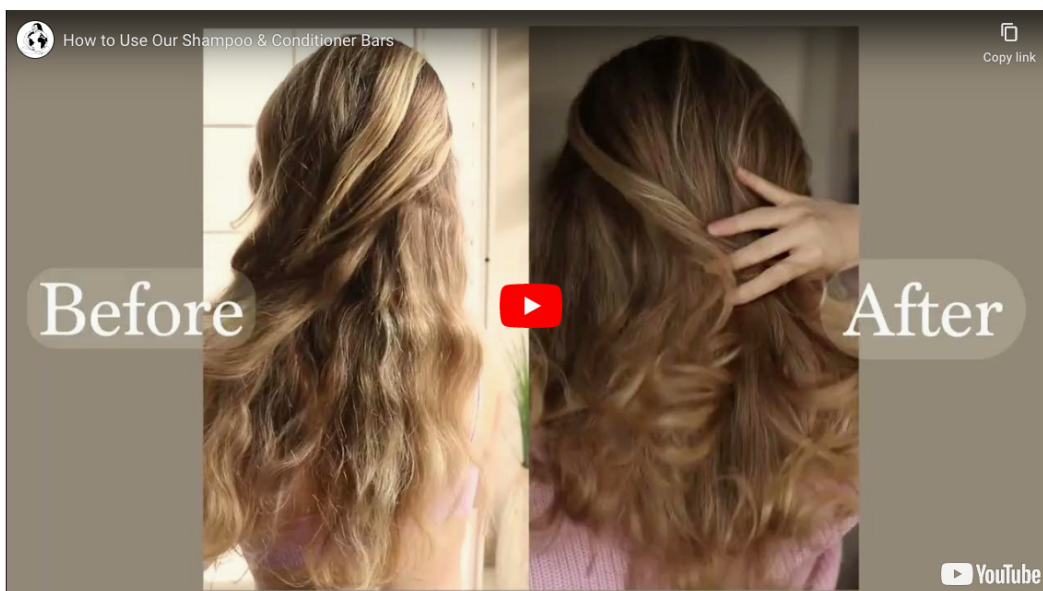

Step 2: When you have the desired amount of suds, wash as you normally would.

Step 3: Rinse out your hair and style as normal.

Best shampoo bar ever!

I tried several shampoo bars over the years, and this one is by far my favorite. it lathers up nicely, makes me hair soft and smooth. it's also nice to finally find an unscented bar, that is actually unscented! i recommend this bar to everyone i know!

How would you describe your hair?
Curly (More Ringlets/Tighter Curls)

What are your largest concerns when it comes to your hair? :
Dryness, Damage, Lack Of Volume, Itchy Scalp/Dandruff, Thinning Hair

Smells amazing!
I love this shampoo bar soap and it smells heavenly. I love that this is a zero waste product and it doubles as an air freshener to freshen up my bathroom!

Which bar did you purchase?
Peppermint Breeze

How would you describe your hair?
Wavy (Coarse/More Defined Waves)

What are your largest concerns when it comes to your hair? :
Dryness, Frizz, Damage, Lack Of Volume

Skeptic turned believer!
I was quite skeptical. I had an OTC brand of shampoo and (especially) conditioner I had been using for years and loved. I didn't think any shampoo and conditioner could make me want to stop using my favorite. Sending plastic bottles to the landfill or even to recycling started bothering me more and more because I didn't want to encourage more plastic production. So I figured I would give shampoo/conditioner bars a try. I assumed the shampoo would be fine but I wouldn't like the conditioner, because my hair is picky; I've thrown out many first attempts at trying a new conditioner when my hair either got weighed down or remained tangly. The shampoo bars were great, as expected. It took me a few tries with the conditioner bar, because I treated it like regular conditioner, squeeze water out of my hair, apply, wait a couple minutes, comb out hair, and rinse. That's where I did it wrong (for my hair type). Combing out after applying didn't work for me. I needed to distribute the conditioner better before combing. A couple tries later, and I realized if I added more water after applying the conditioner bar, it was easy-peezy to comb out! The conditioner Maeve's my hair silky and easy to work with, and I'll now never go back to bottled!

Which bar did you purchase?
Driftwood

How would you describe your hair?
Wavy (Fine/Some Waves)

What are your largest concerns when it comes to your hair? :
Dryness, Lack Of Volume, Oil/Grease

Awesome bars
This is my fourth or fifth shampoo bar from ZWS. They last me and my partner several months and are always so sudsy with minimal use. I'll never go back to bottle shampoo

What are your largest concerns when it comes to your hair? :
Dryness, Itchy Scalp/Dandruff, Oil/Grease

So easy to use
I've never used bar shampoo / condition before, and thought I'd give it a try. The shampoo lathered up super quickly and was a very rich and clean-feeling lather. A few swipes of the conditioner bar on my hair, and left it in for about 2 min, and hair felt soft upon rinsing. I'm looking forward to continuing to use this pair!
