For The Adventurous....

As your wedding photographer, I want to capture the essence of your untamed love and genuine emotions, embracing your wild souls and passion for exploration. Finding the perfect photographer means immortalizing your love's exhilarating journey.

Hey, friend! —I'm Jaysn.

Hey there! My name is Jaysn Valentine and I'm an intimate wedding and adventure elopement photographer based in beautiful Arizona (but I'm always down to travel)!

A little bit about me...I'm a film junkie, obsessed with coffee and love to hike, and I want to be outdoors ALL THE TIME! Early mornings are my favorite time of day (seriously, I NEVER sleep past 5am). I love hopping in the car before the sun comes up and driving to a new place with no agenda, to just explore and shoot a bunch of film. My wife and I have rescued 2 pitties, Matilda and Tux. She's built like a brick, he's dopey as heck, and I'll show you a million pictures of them if you ask me to!

My favorite part of being in this industry is how many insanely cool people I get to meet and the unique, breathtaking places I get to travel with them. People that I never would have crossed paths with if it weren't for my job, and I love it! I'm probably the most laid back person you'll ever meet, and I want your experience to be perfect; so whatever it is that you want, we'll find a way to make it happen! No joke, if you want to hike 10 miles to get married on top of a mountain or take a helicopter somewhere remote, i'll bring the snacks!

Let's snag a coffee and start planning your adventure!

"Jaysn was great to work with! Always responsive, happy and willing to take us on a crazy hike, and got phenomenal pictures in the process. Everyone can't stop talking about our pictures! Highly recommend!."

-Dacia & Michael

My Approach

Here is a bit about the approach that I take, and the experience you're about to have with me...

My photography journey started with my grandpa's old 35mm film camera shooting landscapes on hiking and backpacking adventures. The great outdoors is where I feel at home and I feel that this is a huge asset to my work as a wedding photographer, making sure that you and the landscape perfectly compliment each other in a natural way.

I take a very photo journalistic approach to your wedding day...capturing genuine emotions, candid moments and the raw connection between you and your partner on the happiest day of your lives. I care just as much about capturing how your day ***feels*** (possibly even more), than I do about how it looks.

Kind Words

"Best photographer in the business!"

Cannot say enough great things about Jaysn and his work. We came to AZ from Boston to shoot our engagement photo session and he was super accommodating and captured our vision flawlessly. He walked us through everything, poses etc. and made the shoot a breeze. After being super impressed with his work on our engagement session we decided to book him for our wedding as well.

Jaysn was very easy to contact and quick to respond to any questions we had leading up to our wedding. On the day of, he was super organized with his timeline (we even finished the shots with time to spare :)). Our families and friends continue complimenting how great Jaysn was. His work is truly UNBELIEVABLE- exactly what we were looking for."

Second Shooter

"I seriously cannot recommend Jaysn enough. He went above and beyond to help make our elopement special. He was responsive, flexible, and so talented. He was so patient and kind and we could not be more happy with our pictures. He truly made our day special. He worked with us to create a package that fit our family. He eased any stress that started to arise for me. I would choose Jaysn over again a million times. If you're looking for a talented photographer who's reliable and makes you feel comfortable, he's your guy!"

-Cadie & Dustin

While I can easily shoot a wedding solo, here's why your wedding may need a second shooter:

-For larger weddings (generally over 150 guests) or situations where you and your partner will be getting ready in 2 separate locations that aren't close by, I do recommend having a second shooter. While I do wish that I could be in two places at once, I haven't figured that one out quite yet!

*Keep in mind that a second shooter is already included in the Deluxe Wedding Package!

"Jaysn pulled out all the stops for us. We were planning our micro wedding a few states away and Jaysn helped us with everything. From our engagement session in Montana all the way up to our wedding in Arizona! Our photos came out AMAZING and we feel so lucky to have such important memories captured so beautifully. Being photographed can be nerve-racking, but Jaysn knew exactly what to do and say to make sure all of our photos were authentic. We could not have asked for a better experience. Thank you Jaysn!"

FAQS

Do you have recommendations for other vendors?

Yes! I keep a running list of every vendor I work with that knocks it out of the park! Anything you need, i've got...Planner, Videographer, DJ, Hair, Makeup, Floral, etc.

Will you travel to shoot our wedding?

Heck yes! I will travel wherever your love takes us! I have plenty of options for destination weddings and elopements. Nothing is off limits

Do you have liability insurance?

Yes, a certificate copy will be provided to your venue if they require or request it.

Do you feel comfortable shooting our venue if you've never been there before?

I prefer it! In fact, I refuse to be on any venue's "preferred vendors" list. I think constantly shooting different venues keeps my creativity turned all the way up. I have no pre-determined locations, everything I shoot will be based on what looks best at any given time of day.

My wife and I chose Jaysn to be our photographer for our very special, small and intimate wedding. We knew how important it was to feel comfortable with him and immediately felt put at ease by him and his very calming presence. His work speaks for itself and we were confident that he would have an eye for capturing the essence of the moment and the beauty of the nature around us. Jaysn spent the whole day with us and our family and friends, and felt like he was truly part of the group. He was like a ninja as he captured candid pictures without anyone knowing he was doing it. He went out of his way to get the special pictures we dreamed of having and delivered exactly what we had envisioned. If you're looking for that extra level of passion and professionalism as you search for a photographer, you can't possibly find anyone better than Jaysn. He truly is the best of the best and we couldn't be happier!

"Nothing but great things to say about Jaysn & his work. He was wonderful to work with for our wedding. He responded quickly, even during a busy wedding season, and captured amazing moments of our day. He listened to our ideas and made sure they all were possible. He made us feel comfortable for our couples portraits and made it fun even in the rain! We were hoping to get at least a few pictures we liked from our wedding day and we ended up LOVING SO many of them! We highly recommend him for any special moment, especially your wedding. Thanks for all your hard work Jaysn! We have pictures we will cherish for a lifetime."
