

Keep Cursive Alive

A large handwriting practice grid consisting of 18 rows. Each row is defined by four horizontal lines: an ascender line at the top, a waistline, a baseline, and a descender line at the bottom. A dashed diagonal line, labeled 'stem line', runs from the top-left to the bottom-right of each row. On the left side of the grid, there are 18 small black boxes, each containing the letter 'x', corresponding to the baseline of each row.
