1. Types of Information We Collect

In order to better provide you with group coaching, 1:1 coaching, courses, eBooks, and other various digital products, we collect two types of information about our users: Personally Identifiable Information (“PII”) and Aggregate Information.

Personally Identifiable Information: This refers to information that lets us know the specifics of who you are. When you engage in certain activities on this Site, such as downloading or purchasing a product or service, submitting content and/or posting content in the user forums, or sending us feedback, we may ask you to provide certain information about yourself.

Examples of PII may include your first and last name, email address, mailing address (including zip code), telephone and facsimile numbers, and other identifying information. When ordering products or services on the Site, you may be asked to provide a credit card number.

Aggregate Information: This refers to information that does not by itself identify a specific individual. We gather certain information about you based upon where you visit on our Site and

what other sites may have directed you to us. This information, which is collected in a variety of different ways, is compiled and analyzed on both a personal and an aggregated basis. This information may include the Website's Uniform Resource Locator ("URL") that points to the site you just came from, which URL you go to after visiting our Site, what browser you are using, and your Internet Protocol ("IP") address.

2. How We Collect and Use Information

We do not collect any PII about you unless you voluntarily provide it to us. However, you may be required to provide certain PII to us when you elect to use certain products or services available on the Site. These may include: (a) registering for an account or our email list on our Site; (b) entering a sweepstakes or contest sponsored by us or one of our partners; (c) signing up for special offers from selected third parties; (d) sending us an email message; (e) submitting a form or transmitting other information by telephone or letter; or (e) submitting your credit card or other payment information when ordering and purchasing products and services on our Site. When processing certain information, such as payment information with affiliated banking institutions or payment processors, we encrypt the transaction, using Secure Socket Layer (SSL) encryption technology, in order to prevent your PII from being stolen or intercepted. Additionally, your credit card information is never stored on our servers.

We will primarily use your PII to provide product or service offerings to you. We will also use certain forms of PII to enhance the operation of our Site, improve our internal marketing and promotional efforts, statistically analyze Site use, improve our product and service offerings, and customize our Site's content, layout, and services. We may use PII to deliver information to you and to contact you regarding administrative notices. Finally, we may use your PII to resolve disputes, troubleshoot problems and enforce our agreements with you, including our Site Terms of Use, and this Privacy Policy.
