

Polaris Point Travel provides professional custom travel design, planning & management services for clients based on our extensive experience & knowledge of the industry, destinations & suppliers. In order for work on your trip to begin, a non-refundable Travel Design Service Fee, based on your unique travel request, is required. Please note, this fee is to engage the services of Polaris Point Travel and is separate from the cost of your trip. Travel Design Services start at \$199.

Our standard Travel Design Services include:

- Personalized concierge support during design, planning and travel; complete service from the beginning of your trip to the end.
- Planning for up to 2 destination options; 1-2 custom travel proposals
- Planning for all travelers within 1 household
- Full day planning for up to 7 days
- Activity, excursion and transit recommendations
- Live proposal discussion & feedback session(s)
- Up to 2 rounds of revisions based on feedback
- VIP perks, amenities and exclusive access (where available)
- Securing, confirming and managing reservation(s) for all agreed upon components (accommodations, airfare, transit, activities, etc)
- Entry requirements for destinations
- Electronic Travel Documents / Downloadable App for Itinerary
- Additional value added information and guidance based on trip design and destination(s)

Our business is built on customization for each unique trip and traveler. These standard services are meant as a “baseline” to set expectations. During the complimentary consultation, we will discuss your specific travel goals and I'll provide you with a detailed understanding of my services and associated cost, based upon the unique aspects and complexities of your trip.

While every effort is made to ensure travel is planned to perfection, please understand unforeseen circumstances including but not limited to weather, natural disasters, politics, war, pandemics may occur. In these events all reasonable attempts will be made to ensure your satisfaction, however are outside of our control.
