

WEDDING + ELOPEMENT PRICING GUIDE

2025-2026

Hi Friend! I'm Kait

For the past five years, I've been traveling and documenting love stories around the country. My approach to photography is a poetic mix of romance and authenticity—capturing not just how your day looks, but how it feels. I absolutely love my job + can not wait to chat with you about your big day!

Every image is crafted with intention, weaving together timeless details, tender glances, and golden light to create photographs that feel soft, luminous, and deeply personal. My editing style stays true-to-life, preserving the warmth and depth of every fleeting moment so your memories remain as vivid as the day itself.

Looking for the natural beauty and genuine emotion, I transform real connections into artful stories—through true to color, vibrant, and lively imagery. Each image is thoughtfully edited, and handpicked to provide your dream wedding portraits.

Love Notes

“We worked with Kaitlynn for our wedding at Snowbird Summit and she did an amazing job!! My husband and I have not done any professional photos in the past, but Kait made us feel comfortable and gave us great direction. Our photos turned out so beautifully and are everything I hoped they would be! She captured so many small details and fun shots of our guests that has helped us enjoy the wedding all over again. I would definitely recommend Kaitlynn Faith Photo for anyone's wedding photography!”

SUMMER + ZACH

“Kaitlynn did our engagement & wedding photos, and they turned out INCREDIBLE. My husband & I have never done professional photos before and she's great at coaching/posing you. She's tons of fun to work with, responsive, and extremely organized and efficient. She provided a detailed questionnaire a couple weeks before our wedding so that she knew exactly what photos we wanted to prioritize, the family dynamics, etc. which made our wedding day run so smoothly. We are thrilled with how our photos turned out!”
