## ABOUT ME

Photography is more than just capturing images—it's about telling real stories. Whether it's a wedding, a business brand, or a breathtaking destination, I focus on creating authentic, timeless imagery that feels as real as the moment itself.

My approach to wedding photography is all about natural, unscripted moments—the fleeting glances, the deep belly laughs, the quiet in-betweens. People book me for my natural, relaxed, documentary style of photography, I also love getting creative with light, composition, and location to craft something truly unique. If you have a bold idea, I'm always up for the challenge!

Thank you for considering Colin Lavery Photography. I look forward to the opportunity of working with you to create visual memories that will be cherished for generations to come.

*Your wedding day deserves to be captured with ease and intention. I focus on the moments that matter—the effortless laughter, the quiet connection, the joy that unfolds naturally. With a calm presence and an eye for detail, I'll document your day with timeless, artful imagery that feels true to you.*

# FAQ

## Do you travel?

I've photographed weddings across the UK and abroad. Whether it's an intimate elopement or a grand celebration, I'm ready to go wherever your love story takes you. For destination weddings, reach out to discuss tailored travel packages..

## Do you backup your images?

Yes! I take multiple backups of your wedding photos. My cameras record to dual memory cards, and I create additional backups immediately after the event. By the end of the night, there are at least four secure copies of your images.

## Can we customize a photography package?

Absolutely! We understand that every wedding is unique. We offer customizable packages to fit your vision and budget. Let's discuss your specific needs and create a package that suits you perfectly.

## What if we're not confident in front of the camera??

You're not alone! Most couples feel a bit awkward. My approach is natural and relaxed, focusing on real interactions. A pre-wedding or engagement shoot helps build confidence and lets you get comfortable in front of the camera before your big day.

## We're ready to book! Whats next?

Amazing! Contact me via the [\*\*contact form\*\*](#). After we confirm the details, I'll send over an online booking form and booking fee details. Once completed, your date is secured, and the final payment is due 4-5 weeks after your wedding, when your fully edited gallery is ready.

## Do you offer engagement / pre-wedding sessions?

Yes, we do! Engagement sessions are a wonderful way to get comfortable in front of the camera and capture beautiful moments leading up to your wedding. They are available as an add-on.

# CLIENT TESTIMONIAL

Colin is an amazingly talented photographer and we now have the most stunning photos that we love looking at. But on top of that he is really kind, professional and so friendly. He was at our venue for around 12hrs and even at the very end he was on his feet, going from place to place taking some incredible shots.

We couldn't have picked a better photographer for our wedding and we had quite a few guests ask for his details for when they get married. Thanks again Colin!
