TESTIMONIALS

“The whole experience was absolutely magical. The pictures turned out better than I could have even hoped! I had a few people say the photos couldn't have been real, it looked too beautiful - but that was the magic of the photography and the location.”

MEGAN

“THANK YOU for the fabulous family photo shoot, for making every member of my family feel at ease (no small feat!), and for the incredibly difficult decisions trying to pick my favourites out of all the amazing shots. What a wonderful experience!”

ANNA

“We chose Amanda as our photographer to celebrate the occasion of our child’s birthday. Amanda proposed a beautiful location in the Swiss mountains and - despite challenging weather conditions - created stunning photos that we will treasure forever. I would especially recommend Amanda for family photography, as she is very patient dealing with children. In addition to a beautiful online gallery, we also received a photo book that is of a very high quality. We would definitely choose Amanda again.”

VIKTORIA

“I LOVE the photos! So hard to visualize at the time that anything would come out, but you did amazing! 🏔️🌟❤️❤️ Thank you so, so much for working with us!!!!”

ALLISON

(mum of two young kids who did NOT want to have their pictures taken!)

“Amanda out did herself again ! Amanda takes the most amazing and beautiful pictures of our family ! You can see each individual character in the pictures. Even though the weather was unsteady all day long and we almost had to cancel because of rain, the light and colors in the pictures are magnificent. Thank you Amanda for another gorgeous round of pictures! We definitely don’t have enough walls in our house 😂”

STEFFI

“Amanda was such an absolute pleasure to work with! From the very first email, to setting up shoot details, to the day of, she made the whole experience just delightful. I cannot wait till we move back to Europe so that we can work with her again! She now has a lifelong client :)”

SAMANTHA

“For the first time in more than 8 years of annual family photos, I felt beautiful and relaxed for our photo session. She was accessible and responsive with my questions leading up to the session. And at the actual session, she was prepared beyond my imagination. Throughout the session she was patient and warm, and really responsive to my kids' individual personalities and attention spans (ha!). In the end, we received a gallery of digital photos and they were just perfect. I highly recommend working with Amanda.”
