

Interest Form

Education Without Walls is a year-round program designed to help motivated teens achieve academic and personal goals. Education Without Wall students meet weekly with a dedicated mentor throughout the school year. Mentors provide homework help, access to resources, and guidance in navigating life. Students also participate in four group outings throughout the year, including the final outing, a 10-day backpacking trip over summer break. During the outings students learn communication and leadership skills while developing great friendships. Education Without Walls provides students with all of the outdoor equipment and food needed during the outings. Students must be 13 years of age to participate.

Full and Partial Scholarships are available!

If you or your child are interested in learning more about Education Without Walls, please complete the information below and return this form to us. Once we receive the completed form we will call you to line up a time talk more about this opportunity.
