

# 10 QUESTIONS TO ASK ANY PET SITTER

## Ask

The following questions before hiring a pet sitter

- 1** Are you insured and background checked?  
Yes. I've been vetted through Rover and have been a professional sitter since 2013 who carries full liability insurance.
- 2** Do you have experience with my breed, dogs age, or special needs?  
I specialize in seniors and little dogs and have worked extensively with rescues, puppies, and high-energy breeds.
- 3** Will my dog come into contact with any other dogs or people while in your care?  
Your dog's safety is always my priority. I don't introduce dogs to others while in my care. People interactions are kept to a minimum or pre-approved. I am the primary/only caretaker
- 4** How would my dog be transported in case of emergency or outings?  
My 2021 Ram Promaster would be used for safe and air conditioned transport.
- 5** Will my pet be left alone? How long?  
Pet would be left alone five hours maximum unless otherwise requested. I stay with your pets at night for housesits.
- 6** How will my home be cleaned and care for in my absence?  
I believe in leaving things better than I found them. Clean sheets, counters, and everything in its place when you return.
- 7** Whats your backup plan in case of emergency?  
Will ask for a local emergency contact. If a natural disaster were to happen I would evacuate and take them as if they are my own.
- 8** Can you provide references or reviews?  
My website & Instagram have my most up to date reviews and referrals. 80+ 5 star reviews.
- 9** Are you willing to do a meet and greet, prior to booking?  
I always do a meet and greet to make sure it's a great fit for everyone!
- 10** Will I receive regular updates?  
You'll get daily updates, and way too many photos & videos. You'll have my number & email to check in, anytime.
