Greetings everyone,

First and foremost, Rebuildtheblock Corp. would like to take the time out to thank each and every one of you for your support and efforts. Without you, the achievements we have embarked on thus far would not have been possible.

In just the short amount of six months that we've been together, many things have been accomplished. From July to October, we created our small business relief fund where we were able to help businesses stay open whether it was paying for their rent or essential supplies to keep them going. With our Start-Up September fund, we were able to aid businesses who were hit hard by COVID-19 with their startups while also hosting a raffle providing these businesses with equipment and online needs to make everything possible. In November, we held the Non-Profit November fund where we stemmed away from small businesses and focused our attention on nonprofits who were also in need. Not only did that take place in November but the Rebuildtheblock team participated in our very own "In My Black Bag" initiative where each of the members purchased items from small black owned businesses growing capital in the black community.

Your support does not go unnoticed as we continue to help the black community flourish through the many hardships faced each day. We are happy to report that with your help, we were able to donate a grand total of \$62,997.92 in 2020 alone. We hope you continue on this journey with us as we embark on this new year doing this and so much more. Happy New Year – The RTB Corp. Team
