CAPTURE THE LITTLE THINGS & THE BIG FEELINGS

There is nothing more special than photographing a family with their brand new little human in the comforts of their own home. It offers a genuine way of telling the story of their newborn within their home with love and emotional connection.

- No need to travel
- Calm and peaceful
- Baby led
- Siblings are relaxed & happy
- In your home surroundings
- Variety of room backdrops
- Everything at your finger tips

When you are relaxed, so is your baby

FRAMING, ADDITION PRINTS, & THANK YOU CARDS AVAILABLE.

LITTLE ABOUT ME

Specialising in newborn and family photography in Harrogate, Yorkshire to capture, celebrate and remember the natural moments of your lives. Combining storytelling images with beautiful portraits, together we will record memories that you and your children will cherish.

I am obsessed with capturing families and newborns in a way that is real, romantic, and full of life and I absolutely fall in love with every single family who trusts me to capture them.

“ We can't recommend Charlotte enough, she's very talented!

Charlotte was extremely patient and made us feel at ease, despite what felt like a very hectic morning (as they always are with a very tiny newborn!) Charlotte soon made us feel relaxed and comfortable and produced the most beautiful photographs capturing some very precious moments with our perfect newborn baby.

A quick turnaround meant we got to see the final results very quickly, and we were thrilled.

Thank you Charlotte! Xx “

- Olivia Gribben

Q&A'S

When to book?

These shoots can be done any time up to 5 months old, however to achieve the curled up, sleepy poses it's ideal for your baby to be photographed between 4-14 days old. As I only take on a limited number of bookings each month it's important to book as early as possible – ideally after your 20 week scan. If you'd like a weekend date, these usually book up around 2 months in advance.

How long does the session take?

Newborn sessions take 1 - 1.5 hours. The timings of the shoot are completely run by your baby - I will not rush them as it's important that they feel safe, happy, comfortable at all times, I am a mama of two and I totally understand. It is normal for newborns to take some time to settle, and extra time is allowed for within the shoot for feeding, changing and cuddles!

It's easy for parents to hide behind the camera, however in years to come your children will ask why you're not in any of their images. I encourage all parents, siblings and pets to get involved in your photography session, and treasure those memories.

Where is the shoot?

I am a natural light photographer and come to the comfort of your own home, based in Harrogate and North Yorkshire. I often use the bedroom, sofa, and nursery for photos. Trust me, I know what it's like to have a baby. Please don't feel like you have to clean the house before I arrive. We can easily clean up an area that we want to use for photos while I'm there. If you have white or pale bedding and no pattern on that is best to keep the photos most beautiful and not take the focus away from the baby. Also, just a recommendation about clothing, white works/nude colours really well, but totally up to you guys.

“Our experience with Charlotte from start to finish was amazing!

Charlotte came to our home and was so warm and friendly. The 'shoot' itself was so natural, relaxed and non-intrusive and Charlotte captured our daughter perfectly. We are so pleased with our photos, so much so that we had to go for the Gold Package! We would and have recommended to all our friends. Thank you so much”

- Jez and Helen.

READY TO BOOK?

1. Send me an email to organise a date
2. Pay your booking fee and I will confirm
3. A email will be sent to prepare for your shoot
4. The relaxed shoot with happen and pick your collection after.
Simple as that!

Now sit back, relax, and get lots of baby cuddles ♥
