

## News Release

### Developing a Treatment for Internal Radioactive Contamination

Trialwise Supports SRI International Phase 1 Study

**FOSTER CITY, CA, August 16, 2023** — Trialwise, Inc. is proud to be a CRO partner of SRI International in developing an oral treatment for internal radioactive contamination. SRI International has engaged Trialwise to provide clinical operations, data management, biostatistics, and medical writing services in support of the Phase 1 first-in-human clinical trial of the drug, named HOPO 14-1, that has captured the media's attention.

The study to test the safety and tolerability of HOPO 14-1 was recently featured in *National Geographic* and republished on the EU Energy Platform.

Recent media coverage of HOPO 14-1 includes:

[National Geographic \(July 30, 2023\)](#)

[EnergyPortal.eu \(July 31, 2023\)](#)

[BBC News \(May 16, 2023\)](#)

[NPR Science Friday \(May 19, 2023\)](#)

More information on this clinical trial is available at [clinicaltrials.gov](https://clinicaltrials.gov) under study [NCT05628961](#) and in this [news release](#) from the National Institute of Allergy and Infectious Diseases, part of the National Institutes of Health, which is funding the trial.

*This project has been funded in whole or in part with Federal funds from the National Institute of Allergy and Infectious Diseases, National Institutes of Health, Department of Health and Human Services, under Contract No. 75N93020D00011.*

*The total costs of this program are financed with Federal money; this program is currently funded in the amount of \$3,097,464; none of the costs of this program will be financed by nongovernmental sources.*

#### About Trialwise

Trialwise, Inc. is a woman-owned contract research organization (CRO) founded in 1999. The company specializes in Phase I and Phase II clinical studies. As a boutique CRO, Trialwise functions as an extension of a sponsor's organization to ensure the clinical trial process is managed expertly and efficiently without compromising quality, accuracy, or adherence to protocol and regulatory compliance.
