## Description & Goals of the Trip

This trip will involve a children's camp, street evangelism, evangelistic events in the community, worship, and other efforts to connect the people to one new church plant and one established church in two different neighborhoods. Flexibility and adaptability are important skills for this trip. This is a new relationship that we hope to grow into one or two trips per year similar to our relationship with Graffiti 2 church in the Bronx.

## Accomplishing the Great Commission

Brandon and Melissa Sams are originally from Greensboro. God called them to Baltimore in 2023 to plant Southside Community Church (goal of fall 2026). Pastor Akin Omisanmi and his wife Kellee have been at Southwest Baptist Church for nearly 2 years in another neighborhood nearby. Both families are passionately reaching their communities and need partners that can encourage and help with volunteer efforts.

## Long-Term Partnership

Both of these families are early in their ministries and gaining great momentum. They need partnerships that can come alongside them financially, in prayer, and with teams as needed. Rich Fork can be an important part of Kingdom work in Baltimore as we develop trips for individuals and families to travel for short-term help in the efforts of both of these churches as they reach their communities.
