In the words of Susan Brown Snook, Bishop of the Episcopal Diocese of San Diego, Feb 9th 2025 (<https://edsd.org/news/called-to-love-our-neighbors/>)

“Guide our footsteps, gracious and loving God. As Joseph showed the way of compassion in guiding his holy family to safety, guide all of us in walking the way of compassion in our lives. Help us care for those in need of better lives. Help us learn from you the way of love. Bless all those who migrate out of fear and despair and guide them to lives of safety. Open our hearts to your compassion; open our ears to your words of hope; open our hands to bring care to all those in need. Help your words to be spoken today, help your words to be heard. In your holy name we pray. Amen.”
