

Got Questions? We've Got You!

Who is this workshop meant for?

This workshop is for women who feel stuck, overwhelmed, or unsure about their style — in their wardrobe, their home, or both. Maybe you've bought clothes you never wear or décor that doesn't feel quite right. Maybe you scroll Pinterest for inspiration but never feel clear on what's "you." If you're ready for clarity, confidence, and a simple process to guide your decisions (and avoid shopping regrets!), this workshop was designed with you in mind.

What will I actually learn in this workshop?

You'll learn how to use Pinterest and Canva *with intention* to finally get clarity on your authentic style both in your wardrobe and your home.

How much does it cost?

This is our workshop's launch, and so we're offering it at a **special founding rate of \$149!**

Why? Because we believe so strongly in the value of what we're teaching and want to give this first group an amazing deal for helping shape the experience.

Future workshops will be priced higher so this is your chance to get in early, save \$, and walk away with tools that will save you time, stress, and costly decorating or wardrobe mistakes down the road.

We're keeping this workshop small and personal with only 10 spots available, so if you know you want to join us, grab your seat early!

When and where is the workshop?

You can choose from two dates:

- **Saturday, October 18th** from 10:00 AM–12:00 PM at The Nest Home Improvement Centre, 269 Main Street, Bobcaygeon, ON
- **Thursday, October 23rd** from 6:30–8:30 PM at Kindred Coffee Bar, 148 Kent St W, Lindsay, ON

How long is it?

Each workshop runs for 2 hours.

How many people will be there?

We're keeping this intimate and personal with a maximum of 10 participants.

What do I need to bring?

We recommend bringing a laptop (charged and ready) because Canva works best on a computer. You'll find it much easier to follow along and create your "Style Compass" this way.

If you don't have a laptop, a tablet or smartphone will also work but just know that Canva can feel tricky to use on smaller screens.

If you don't own a laptop please let us know as we'll have a few available for participants to borrow during the workshop. Just let us know in advance if you'd like to reserve one!

Do I need a smartphone?

Yes, because we'll show you how to save your "Style Compass" as your phone's home screen so you can carry it with you every day.

Do I need to be tech-savvy?

Not at all. We'll guide you step by step through Pinterest and Canva. You'll also get written instructions before the workshop to set up your accounts.

What if I've never used Pinterest before?

No problem! Pinterest is very beginner-friendly. We'll send you simple instructions, and we'll also share a link to Pinterest's own "Getting Started" guide. All you need to do is click "Save" on images that inspire you. It's that easy. And if you get stuck, email us and we'll help.

What pre-work is required?

Before the workshop, you'll:

- Fill out a short Style Quiz (Google Form) and return it to us.
- Set up free Pinterest and Canva accounts.
- Create one Pinterest board with up to 20 pins that inspire you (we'll send instructions on how to set it up, share it with us, and name it "*That's SO Me! Style Board*").

When is the homework due?

One week before the workshop. This gives us time to create your personalized That's SO Me Style Decoder - our expert insights distilled from your quiz and Pinterest board. Think of it as your unique style roadmap: part insights, part style starter kit. You'll receive it at the workshop and use it as your jumping-off point to create your own authentic Style Compass!

How do I contact you if I have trouble with the pre-work?

You can email us anytime: roseandhaleigh@gmail.com

What will I walk away with?

- Your very own **Style Compass**, saved to your phone, to guide every future decorating and shopping decision
- A **Canva moodboard template** you can use again and again
- The clarity and confidence you've been craving and no more shopping regrets

Why is this more than just "finding my style"?

Because this isn't about trends or being "Pinterest-perfect." It's about creating clarity so you stop second-guessing yourself, stop wasting money, and start feeling at home in your home and wardrobe. This is about mindset as much as style - progress, not perfection - and it's about making choices that feel good and reflect who you truly are.

What if I can't attend after signing up?

We'll happily issue a **full refund if you cancel up to 7 days before** your workshop date. After that, no refunds but you're welcome to transfer your ticket to a friend if something comes up.

Will this workshop be offered again?

We plan to, but this is the very first time we're running it and so seats are limited. Don't miss the chance to be part of this first round! This is going to be FUN and valuable!
