★ ★ WELCOME ★ ★

TO LEGENDS OF THE FALL 2024

Dear Friends & Guests,

Welcome to the 6th Annual Legends of the Fall Steer & Heifer Sale. We are once again excited to offer this sale just outside of Corvallis, Oregon. We are also excited to offer the set of cattle we have assembled this year and to partner with LiveAuctions.tv. Adding this online option will give our buyers another option for attending the sale.

Arcuri Ranches, from Springfield, Oregon, is one of the state's most progressive Purebred Angus operations. Ryan and family have assembled the most trusted genetics from the industry's leading programs. You can find cow families from Express, Silveiras, Gohrs, and more at the ranch. The Arcuris focus on producing foundationally sound heifers and bulls that read with some of the best EPD numbers in the breed. These cattle also possess the phenotype that makes them ultra-competitive in the showing. Arcuri Ranches Cattle have won numerous jackpot shows, county and state fairs with their females, while their bull program has produced the Supreme Champion Bull at the Klamath Bull Sale twice.

Colson Cattle and Grace Cattle are both based outside of Corvallis, Oregon. Their farms are keenly focused on raising the highest quality show steers and heifers for 4-H, FFA, and jackpot exhibitors. We mostly use a purebred cow-base, crossed with some of the winningest show and club calf sires to ever stand in front of a backdrop. Understanding the genetics and how these outcrosses work is why Colson and Grace Cattle remain sound, functional, and proven.

The Colsons and Grace Cattle have produced very competitive cattle, many of which have been winners at local, state, and national shows. Both Colson & Grace Cattle offer a unique opportunity for youth to raise and sell show projects through their cooperator program. For more information on the cooperator program visit with TJ, Samantha, or Trish Wilfong.

Since 2019, Arcuri Ranches and Colson Cattle, with the help of their cooperators, have partnered together for the "Legends of the Fall Sale". All programs have tremendous synergy. And working together not only provides our customers with more options, but it also brings together more than five decades of raising superior cattle. When you purchase cattle from any operation you just don't buy an animal. You are investing into proven programs with next level service and support.

Whether you are a long-time returning customer or here for the first time, we are confident that you will be impressed and appreciate the 2024 offering of calves. From our families to yours, we thank you for attending and for your interest in our programs!

Best Regards,
The Arcuris, Colsons, & Wilfongs

This Year's Cooperators:
Maddy Neuschwander, Shedd OR | Boyer Farms, Oakville WA

★ ★ INFORMATION ★ ★

PURCHASE WITHOUT ATTENDANCE:

Buyers unable to attend the sale in-person can contact the sale day phones, ringmen, auctioneer or log on to LiveAuctions.tv to submit their bids. Sale Day Phones will also contact buyers upon request.

TERMS & CONDITIONS:

Cattle sell under the suggested Terms and Conditions of the American Angus Association. http://www.angus.org/pub/suggested_sale_terms.pdf

Each seller may have their own supplemental Terms and Conditions document. Such a document will be available the day of the sale.

All female cattle sold through the LOTF Steer & Heifer Sale will be sold with a Buyer and Seller agreement that the Seller will be allowed to retain two (2) successful flushes [defined as three (3) viable embryos per flush] at the Buyers convenience and Seller's expense.

ANNOUNCEMENTS:

Updates around the cattle or sale may become available the day of the sale. Those updates will be provided by a supplemental form in writing or verbally announced from the auction block. All supplemental updates expressed verbally or in writing the day of the sale supersedes the printed material contained in this sale book.

HERD HEALTH:

All cattle will be accompanied by a vaccination health record and the proper health certificates as required.

PAYMENT, LOADING, AND YARDAGE:

Payment for all cattle being sold is due at the conclusion of the sale and before cattle are released. Payment methods include cash, check, and credit card. If using a credit card, a 3.5% service fee will be calculated from the amount due and added to the final invoice. Sale cattle will not be released until the conclusion of the sale. Loading of cattle will require the Buyer to show proof of ownership with a copy of a paid invoice and signed Bill of Sale from the sale management. If you make a purchase and are unable to remove your cattle from the sale facility 24-hours after the conclusion of the sale, you will need to make arrangements with TJ or Samantha Colson. A yardage fee of \$10 per head per day may be added for cattle staying beyond the 24-hour grace period. Under no circumstances will the Sellers (Colson Cattle, Grace Cattle, Arcuri Ranches, or their cooperators) assume risk or liability for cattle left in yardage at the conclusion of the sale.

TRANSPORTATION:

Cattle purchased from the sale that require transportation is the responsibility of the Buyer. The Seller can assist with facilitating transportation of the purchased cattle at the Buyers request. Any expense associated with the transportation will be handled between Buyer and Hauler. Under no circumstances will the Sellers (Colson Cattle, Grace Cattle, Arcuri Ranches, or their cooperators) assume risk or liability for cattle being transported.

CATTLE LEAVING OREGON:

Oregon State Law requires livestock leaving the state to have a veterinary health check and papers for transportation over state lines. The seller will arrange and cover the expense for the required health check and papers for any sales outside of Oregon.

REFRESHMENTS:

Complimentary lunch, snacks, dinner, and beverages will be available. Thank you to the following folks for providing the meals and drinks: Neuschwander Family, Kizer Family, Craig & Konnie Berger

★ ★ COMMERCIAL HEIFERS ★ ★

LOT # 1 - TRUST IN ME X CHOPPIN WOOD (NOT REGISTERED)

SIRE: Trust In Me

DAM: Angus Cross/Choppin Wood

DOB: 3/7/24

Maddie Neuschwander has done it again! She is bringing us another elite female. Out of this year's offerings, she has been the heifer that definitely turns heads in the sale pen. One look from the side and it's hard to miss her profile that screams "champion". Lot 1 is a true power female - deep sided, round ribbed, and also super stout. What's truly impressive is she comes with the added extension through her front end that we want every show heifer to have. Get her on the move and this one's hip and hind leg will only solidify her spot in your top. This combination along with all her hair makes her destined to hang banners. After her show career is over you need to put this one in the donor pen! This heifer will need a more experienced showman.

LOT # 2 - BINDI BIRD GC (HALF BLOOD SIMMENTAL #4377906)

SIRE: JSUL Something About Mary 8421

DAM: PVF Surveillance

DOB: 3/17/24

This heifer, from Grace Cattle, is out of the same cow that produced last year's Lot 1 female, purchased by the Silacci family. Talk about an ultra-broody and deep bodied female. This one is a soft middled, extra stout heifer that is so robust in her center body, while still throwing her head up on the plant. A truly valuable piece for any herd. I'd be excited to see this gal find success in the showing and in the cow herd where she's sure to raise you some cool show steers.

LOT # 3 - BDR X BLACK GRANITE (NOT REGISTERED)

SIRE: Business Done Right

DAM: Black Granite

DOB: 3/18/24

Take a look here! This female covers all the basics: body, build & balance. She has all that outward curvature to her center, and still is so correct in her angles; it only makes sense she stamps that clean silhouette from the side. If you don't get on this one, you could be standing behind her in the showing. This one is a mainstay for any program and goes back to an old school bull that completely changed the show steer industry. When considering her as replacement female, this heifer goes back to a cow the Colsons purchased from Arcuri Ranches - so she has cow power in her blood. This is one the Colsons will likely regret letting go.

LOT # 4 - TS RAINING ROLEX MONEY (AMAA #551990)

SIRE: Daddy's Money

DAM: Simplify

DOB: 2/21/24

Of the commercial heifers, this one has the storied pedigree. Lot 4's grandmother is the great Rio, a female that completely changed the program for Colson Cattle. This heifer is out of the cow we call Rain, who was Rio's first heifer and offered in the '21 LOTF sale. Rain was purchased by the Murray family and hung numerous banners during the '21 & '22 show seasons. Like her mother, this heifer has an attractive front end, and her killer hind leg will definitely pull you in. I'll be honest with you; I don't think it's hard to look past her tail head when she comes with that kind of sweeping shape and curvature to her rib, all while balancing up her tremendous muscle and power. We can't wait to see this ultra functional female standing in front of the backdrops just as her mother did.

PUREBRED HEIFERS

LOT # 5 - ARCURI'S LADY MAXINE 2407 (AAA #21009981)

SIRE: Arcuri's Cracker Jack 2208 (AAA # 20454833)

DAM: Arcuri's Lady Maxine 2020 (AAA #19842696)

DOB: 3/16/24

If you're looking for a true dual-purpose female, one with performance and the right look – here she is! This heifer is what we strive for, looks and performance. Out of one of our top cow families, Lady Maxine, this heifer is definitely the next generation "Lady Maxine". Lot 5 is in the top 10% for CED and her BW EPD scores her in the top 15% of the breed. She has great rib shape and is very functional on the move. She's one that can go out and be successful in the ring and then turn out to pasture and make quality calves in the next generation.

LOT # 6 - ARCURI'S WENDY 2402 (AAA #21009975)

SIRE: Arcuri's Cracker Jack 2208 (AAA # 20454833)

DAM: Arcuri's Wendy 548 (AAA #19526210)

DOB: 3/10/24

Out of the legendary Wendy cow family, this heifer packs sheer power and performance. The Lot 6 female ranks in the 10% for the breed in both her CED & BW EPD's. This moderate heifer is stout and powerful, yet has all the look of an Angus show heifer. She's an awesome ribbed feminine one with lots of sweep to her belly that should leave a lasting impact whether she enters a ring or spends her life in the pasture. The breeding value in this one is unmatched! Don't let her leave you standing!

LOT # 7 - ARCURI'S EVER ENTENSE 2406 (AAA #21009978)

SIRE: Arcuri's Cracker Jack 2208 (AAA # 20454833)

DAM: Arcuri's Ever Entense 1605 (AAA #18507190)

DOB: 3/16/24

Here's a female that is sure to draw lots of attention! A favorite for sure, this is a rare opportunity to own a heifer out of the 2016 Oregon State Fair ROV Jr. Heifer Calf Champion and Reserve Grand Champion Female. The 2406 female is very complete with power to boot. And if you've been following the Angus Breed, you know the success these Ever Entense females have had, and you can add Silveiras Style in the pedigree on the dam's side. Numerous banners have been hung at the Arcuri Ranch and Colson Cattle because of this cow family. If you are looking for a replacement production female to elevate your herd or a show heifer that will be a showstopper, you can't go wrong with this one.

STEERS

LOT # 8 - 80 PROOF X HBL

SIRE: 80 Proof

DAM SIRE: Hunter Biden's Laptop

DOB: 3/11/24

Pay attention to this steer! Here is one that will be very competitive on the jackpot scene, while also appealing to many county fair judges. This steer is super sound, has great angles, tons of power, and a very bold and easy feeding rib cage. And with the temperatures dropping, his hair will only DOUBLE! And if this isn't enough, this calf is an HBL. Maddie Neuschwander's program just won the 2024 Linn County Fair Supreme Champion Market Steer with an HBL son. Bid with confidence or you will regret not standing at the backdrop with him!

LOT # 9 - MHC REXYN J305 X I-80

SIRE: MHC REXYN J305

DAM SIRE: 1-80

DOB: 4/26/24

This is the youngest steer in the sale. He is green, but when you study him you will notice he has all the right pieces to compete. In fact, everyone who has looked at him in the pen recognizes he will be the sleeper of the sale because of his age. A little more time and feed, and this guy will be the real deal. We think his overall quality can take care of the rest based on the characteristics he represents. I mean, this fella packs a ton of muscle onto this skeleton and has one of the more expressive tops already. Don't sleep on him knowing he will get better every single day.

LOT # 10 - CHOSEN 1 X WAGR THUNDERSTRUCK 21B

SIRE: Chosen 1

DAM SIRE: WAGR Thunderstruck 21B

DOB: 3/16/24

If you want to be ultra-competitive on the jackpot scene or try to win a haired or slick show, this guy is for you. This beastly looking steer offers as much muscle and stoutness of feature as any. And with his natural head carriage and square build, he is one that leans into the elite category. It only makes sense, his mother, a full blood Simmental, won several titles before Colsons purchased the dam from the Gohr's Crown Jewel event in 2019. As each day passes, this stud gets better and better and the folks who have been through the pens agree, this might be the calf to own.

LOT # 11 - GINGER X CHOPPIN WOOD

SIRE: Ginger

DAM SIRE: Choppin Wood

DOB: 3/23/24

Grace Cattle is at it again as they bring us this ultra cool peach-colored calf, and he is one to get excited about! His ultra shapely rib, stout features, and extra power are pieces anyone will have some fun feeding. But what sets him apart is his unrivaled look from the side, as he comes clean through his front one third and sets down an attractive hip and hind leg. If you're wondering where this guy's future lies, ask Connor Northern who purchased the orange steer from Grace Cattle in last year's LOTF Sale... You'll find him at the backdrop at multiple shows.

STEERS

LOT # 12 - 1 OAK X UNO MAS

SIRE: 1 Oak

DAM SIRE: Uno Mas

DOB: 2/28/24

Are we ever excited about the future of this one! A few things... First, this is Samantha's favorite steer in the sale. I mean, if you're looking for a dead broke steer that has all the power and the look of a show calf, then look no further. The extra shot of look this brockle offers, combined with his prospect steer pieces and flashy color will catch some looks in the ring for sure. His mellow personality is perfect for any age showman. He's beginner ready and senior year good! And did we mention, his mother is the GREAT RIO?! Again, Rio is the cow that has hung, or who has produced cattle, that have hung numerous banners in the recent years. Get in on Sam's pick!

LOT # 13 - MATERNAL MADE X RESISTOL

SIRE: Maternal Made

DAM SIRE: Resistol

DOB: 3/20/24

If you're looking for an honest, good feeding, practical fat steer, deluxe, then here's your dude! Sired by the legendary Maternal Made, this guy isn't as much of a showstopper, but you can, however, value how well this calf is put together in terms of his overall balance, muscle, and rib shape. His easy fleshing, soft bodied kind will make a high-quality fat steer for any county fair in the country.

LOT # 14 - STRIPTEASE X IGWT

SIRE: Striptease

DAM SIRE: IGWT

DOB: 3/9/24

Those fall jackpots are calling this one's name. This blazed faced calf, who looks just like his daddy, and is out of an IGWT cow Colsons purchased from JWR in 2019, might be the best steer that Colson Cattle has raised to date. He might be the most complete steer to ever be offered through the LOTF Sale to date. To keep it simple, he's long necked, extended, and still bold bodied and stout out of his hip. There's a ton of potential in this steer whether you want to get him in the ring this fall or wait till your end-goal show! Either way, this calf will find the banners and buckles, period!

LOT # 15 - DUEL ICON X BLACK GRANITE

SIRE: Duel Icon

DAM SIRE: Black Granite

DOB: 3/1/24

If you like a good county fair meat and potatoes kind of steer who is still going to be very competitive, then this one for you. He's ultra stout structured and easily one of the growthier calves we have to offer. With the extra growth, it gives him lots of versatility to achieve many different endpoints. It's hard not to appreciate the foot shape and bone in this one. And he's still a calf that reads with plenty of muscle. If you're looking for a calf that will find his way to the top end of most county fair shows without breaking your feed budget, then you'll want to consider this dude.

STEERS

LOT # 16 - MAB X RED ANGUS

SIRE: MAB (OG)

DAM SIRE: Red Angus

DOB: 1/7/24

If this red calf doesn't catch your eye, or if he doesn't look familiar right off the bat, then maybe you will recognize his stout and powerful build, massive hip, explosive top, and awesome attitude. Last year's sale had a red calf we called Ricky Bobby. We'd like to introduce you to RB2. This is a full-blooded sib to last year's calf, right down to the pen you will find him in at the sale facility. He's a carbon copy of last year's steer from Boyers, but better – especially as you evaluate him from the shoulder forward. He is packed full of muscle and hip shape, stands on a big ol' set of pipes, and there's no question this easy feeding calf has what it takes to be a great show steer. Sired by the one and only, even though they made several clones, Man Amongst Boys!

LOT # 17 - MAB X HEREFORD

SIRE: MAB (OG)

DAM SIRE: Hereford

DOB: 1/14/24

We realize this goggle-eyed calf may not blow you away in any specific area, but he and his flashy hair are sure to turn into a great county fair project! This steer also has a fantastic attitude and is one that has enough muscle shape that he can be shown as a slick. A little work on the Hereford hair, and you'll have yourself a nice show steer. He is a steer that is sound, functional, and one that will be productive for you. Don't hesitate to go in on this future fat steer's practical body shape and flashy look. Another steer offered by Boyers and sired by the iconic show bull, Man Amongst Boys!

LOT # 18 - SAM X BROKER X BRILLANCE (ET)

SIRE: JSUL Something About Mary

DAM SIRE: HOC Broker X SAV Brilliance 8077

DOB: 2/16/24

Without question, here's one of the best profiling steers in the sale. In fact, this epically bred steer comes to us via The Frozen Classic Sale held by Griswolds each year. This $\frac{3}{4}$ blood Simme would be a great candidate for someone looking to make a run at junior nationals. The calf is deep bodied, stout muscled, big footed, sexy fronted, and moves like a cat. He has just enough blaze to get noticed without it being too much. He's a levelheaded calf that we have sure been impressed with. With the cow power in this calf's pedigree and with him being sired by the breed redefining bull, SAM, I think it's easy for you to imagine yourself at the end of a halter in front of a jr. national's backdrop.
