

Laurel Avenue PRIMARY BATH

LISA OBERST DESIGN

The primary bath is clad in Carrara tile, installed in a large stacked format to create the clean, continuous look of stone slabs. Underfoot, a custom plaid mosaic, composed of hundreds of precisely placed pieces, form a tailored pattern framed by the Carrara, giving the impression of an elegant stone “rug” inset into the floor. Brass accents throughout the shower, counter, accessories, and lighting bring a subtle warmth to the cool marble palette, adding understated elegance that feels refined and quietly impactful.
