YOUR STORY

## Our Story

We are passionate storytellers—photographers, film makers, bookmakers and designers working together to celebrate your wedding story.

For over 20 years, the Artisan Events® team has built a best-in-class reputation. Our award-winning work has been profiled in national media, books, named top photographer in the U.S by *PDN*, *Martha Stewart*, *Brides* and more.

Our success formula is simple: We believe your experience is everything and quality always wins.

We create timeless imagery and craft a client experience we're proud to call our life's work. Our top-talent team of creative professionals are genuinely passionate and we love what we do. Our team approach is intentional and collaborative to tell your best story captured with love, ease, and journalistic beauty.

We are honored to capture your moment and help tell your love story—with warmth, respect, and exceptional professionalism backed up by decades of proven experience.

## We're Different

### INTEGRITY

Our integrity-based process ensures every image we create not only protects our reputation as artists, it assures artistic and quality control over the work you receive. As dedicated artists, our images are everything. We maintain complete control over all aspects of production. Each assignment is professionally edited, designed, and produced by our team, captured in RAW to ensure highest quality and custom printed to our strict quality of print standards. Every book is hand-crafted from the finest materials. Our dedication to the art of our craft is evident in everything we do.

### PLAN

We provide you with a Wedding Planner approximately one month before your wedding. Our process is gleaned from decades of experience – we review timelines, portrait requests, and general expectations before your event to ensure success and collaboration with our team.

### WORLDWIDE

We have several studio locations across the US. Our commissions take place worldwide—London, Paris, Grenada, Hawaii, Michigan, South Carolina, Colorado, New Mexico—to name a few. We welcome the opportunity to travel anywhere and we'll gladly send you a travel proposal.

### EASE

Once we finish creating your portfolio, each edited image will be presented online for easy ordering and image selection.

### PEACE OF MIND

We know how important this day is to you and your family. Rest assured we have strict practices in place before, during, and after all assignments to ensure your memories are protected. Our triple redundant, state-of-the-art studio archiving system, team backup gear and weather contingency planning ensure peace of mind for any circumstance.
