

HERITAGE FLORAL *Co*

STYLING SERVICES CATALOGUE

What will make your wedding timeless? Beautiful florals, candles and stationery.

Wedding planning can be stressful enough, so I set out on a mission to source some of the most requested styling items that can be hired for your big day. Our team will help you choose the right vessels, backdrops and candles to match your blooms, as well as managing the delivery and set up of styling items.

Getting married at Bendooley Estate or another venue that doesn't provide on-the-day set up of DIY elements, place cards, favours, personalised menus etc.? We can help! Ask us about our styling service.

We are constantly adding to our collection, so if you see something you like that we don't stock please get in touch and we may be able to source pieces on your behalf. Please note – we don't provide crockery, cutlery or furniture at this stage.

Our styling inventory is strictly reserved for couples that have booked Heritage Floral Co. for their wedding day.
