

Family Session Guide

MEET THE PHOTOGRAPHER

Hi, I'm Jessi!

I am here to document your best days and biggest milestones and help you have fun doing it! I may be a nerdy introvert who hails from House Ravenclaw, but I also love being your hype girl, de-stressing stressful situations, and capturing the kind of memories you will cherish for a lifetime.

When I'm not photographing your favorite days with your favorite people, I can be found cuddling up with my dog Tobin and my cat Binx, reading the next book in whatever fantasy series I'm into (currently TOG), with a massive cup of hot coffee. I am obsessed with whales and anything 90s related - especially if it involves my favorite band Hanson!

SERVICES + PRICING GUIDE

FAMILIES BY JCP

Every family has a story...

Life goes by way too fast, and it's the everyday moments that make it special - These are the ones you'll want to look back on...

The toothless grins of your new babe...The adventurous spirit of your 5-year-old...The year he became taller than you...The last year before she goes off to college.

It's always something, and it's always special. Whether you're a family of 3 or 13, expecting for the first time or about to become an empty-nester, there is no better time than now to document it...

*I would love to tell
your family story.*

STYLE & EXPERIENCE

*what to
expect*

my style

FUN. STRESS-FREE. NATURAL.

I am here to document your time together. I will, of course, help guide you in natural, beautiful poses, but I am also there to help you have fun doing it.

I am great with dads and kids alike, and aim to provide a fun, joyful experience. You will be more comfortable in front of my lens, and your images will have the natural, more authentic feel of true keepsakes.

FYI I am a natural light photographer, not a studio photographer, so I do shoot on location, usually in a place that means something to you, or somewhere I suggest based on the vibe you are looking for.

my experience

With over 15 years of experience in the photography industry, I am familiar with many different types of situations and I am happy to send you full galleries of past sessions so you can see a full spectrum of my work.

I always aim to be both kind and professional when addressing any of my Client's needs, and I'm committed to providing timely responses to any of your questions before and after our session.

I want your experience working with me to be as fulfilling as my experience working with you!

THE COLLECTIONS

Documenting your milestones & commemorating your adventures...

I am an all-inclusive photographer, which means that my pricing includes not only my time, experience, and artistry, but also all edited images from your session, delivered in a downloadable digital gallery.

I'll also provide a flash drive of the images with a print release.

*There is no greater investment than
investing in your memories.*
