ABOUT US

A MESSAGE FROM OUR OWNER

Since 2003, we've been building relationships, following trends, and listening to you so that we bring you the pottery that sells. We thank you for your loyalty and for considering us as a supplier-we know you have many choices. It is not a one size fits all world so we try hard to adapt and make every effort to work with you in your particular markets.

2020 presented us with new challenges and major changes to our businesses. You adjusted quite admirably at record speeds and turned a whole new generation of consumers on to the joys of gardening. My hats off to you for creating those happy places where your customers go to ease the stresses of the day.

We promise to work hard to keep you satisfied and coming back. Every single order and every single customer matters to us. Give us a call or visit us in the beautiful mountains of Western North Carolina. We would love to show you our collection.

I love this business and the people we have the pleasure of doing business with. Thank you!

Karen Enloe
(Owner & Founder)

ABOUT OUR CATALOG

Dimensions are Width by Height in inches. Items pictured in the catalog may be available in color shown or other colors. ORDERING & DELIVERY

We ship palletized via LTL common carriers or deliver directly to you on our trucks from warehouse facilities in Fletcher, NC. We are happy to provide freight estimates before shipping. Many customers enjoy arranging visits and pick up directly. You can rely on us to deliver your product as promised and when you need it.

Please note that availability will vary throughout the year, so please call or email us at info@potterymarket.com for the Current Digital Availability. We are happy to customize an order for your review, just give us a call at (866) 354-4300 and tell us how we can make ordering easier for you.

PRODUCT CARE

Our pottery is made in Vietnam or China to the highest quality standards. Each pot is individually crafted following techniques used for thousands of years. Our pottery may therefore have slight variations in color, smudges, size, glaze variations, and kiln firing markings. We believe this is an enhanced characteristic of handmade pottery and no two pots are exactly alike. Kiln kisses, fingerprints, kiln firing fine cracks, or crazing are not considered defective or affect the integrity of the pottery for its intended use. The Outdoor glazed pottery is considered frost "resistant". Proper care is always necessary for containers left outdoors and natural aging from the elements of nature will occur. We recommend proper drainage for all pottery and recommend Terra Cotta, Fiberclay, Indoor styles, and Accessories be placed in a frost-free, covered area during freezing temperatures.

TERMS & CONDITIONS

We have an Early Order Program with lots of perks - please inquire. We can also arrange Direct Containers shipped straight to your door from our factories. We offer terms with approved credit. Please inquire for all other details regarding freight, damages, and shipping procedures.
