Welcome —

You might be wondering... what is an adventure session?

I'm so glad you asked.

Short answer, it's quite literally anything you want it to be! Maybe you're dating and you just want an excuse to take cute photos- BOOM. Adventure session.

Maybe you're engaged and you want some special photos to celebrate your engagement (and maybe for some save the dates) - BOOM. Adventure session.

ORRR maybe you're already married, but have always loved the idea of taking wedding portraits somewhere EPIC, but your wedding venue didn't have that ability so you want to put back on your wedding clothes and hike a mountain!!- BOOM. Adventure session.

These are your photos, make it worth it!!

"I feel that there is nothing
more truly artistic than
to love people."

Vincent Van Gogh

My name is Katelyn, but everyone calls me Kmac! I'm an intimate wedding and elopement photographer here to capture your story in its most raw and genuine way. I desire nothing more than to love people with my camera in hand, so that's what I'm here to do!

I've been shooting weddings for a little over 6 years now, CRAZY, and I love it more and more every day!! In my free time, I enjoy spending time with my people and exploring new places around my city or the country!!

I am a follower of Jesus and my life's mission is to glorify His name. It's truly an honor to document your love, so let's do this!!

Keep In Mind...

IMG. / REF. 002

I am currently located in NW Montana, super close to Glacier National Park. It's one of my absolute favorite places to shoot, so for any sessions around this part of Montana, there will be no travel costs!

I travel quite a bit, so if our dates sync up and I am already in a location you would like photos in, or you want to plan your shoot around my travel schedule, we can ABSOLUTELY do that, and you will avoid any travel fees. If you are in the NW Montana area and are within 50 miles of me, you will also avoid any travel fees!

Outside of 50 miles, travel fees are dependent on whether I drive or fly, and a handful of other factors!

I can't wait to capture your love story, friend!
