Branding & Showit Websites for
Female Creatives

Helping freedom-loving photographers &
creatives step into their next level with a
brand + website that feels like home.

hello lovely

We see you — the late nights tweaking your website, the endless Canva templates, the DIY logo you've been “making work” for far too long

We're Elle & Elle, a sister-duo design studio (with our pup Leo as the third team member 🐾). We walked away from safe jobs to chase freedom, creativity, and connection — and now we help women like you do the same.

Our passion? Crafting brands and websites that look gorgeous but also work hard behind the scenes so you can book dream clients, raise your rates, and get back to doing what you love most: creating

A photograph of a minimalist workspace on a light-colored marble surface. In the upper center is a speckled ceramic cup filled with coffee. To the left, a pair of round sunglasses with gold frames and dark lenses lies on the surface. To the right, a dark laptop is partially visible, with a white smartphone resting on its lid. The text 'past clients' is written in a white, elegant script font across the center of the image, overlapping the coffee cup and the laptop.

Our Approach

We don't just design something “pretty” and send you on your way. Every brand and website we create is:

- ✓ Strategic – built with your goals + dream clients in mind
- ✓ Personal – rooted in your story, not a template
- ✓ Elevated – professional, timeless, and ready to grow with you

Because we know your business is more than “just” photography or creativity — it's your life's work. And it deserves to shine.

How You Can Work With Us

We keep it simple with two intentional ways to partner with us:

- ✓ The ElleVated Suite — A 4-week brand + website experience designed to take you from DIY to high-end.
- ✓ The ElleVated Audit — A deep-dive review + roadmap to help you polish your current brand + website while you prepare for a bigger rebrand.

Let's Dream Big Together

We're here for the ambitious, freedom-loving women building something beautiful – and ready to elevate.
