PROFILE

I am a passionate and ever-learning graphic designer and portrait photographer. I love to create clean, simple, yet effective design solutions. I am greatly experienced in personal and corporate branding, marketing, web and print design, and typography. The majority of my work has been with colleges, universities, and small-businesses. I absolutely enjoy everything that I do, and am comfortable in a dynamic, consistently changing environment. I am organized, open-minded, flexible, motivated, and ready to work!

EXPERIENCE

TEACHER OF GRAPHIC DESIGN & PHOTOGRAPHY

Emmanuel College Franklin Springs, GA June 11th - 15th, 2018

I had the privilege of teaching 29 students, ranging between the ages of 7 and 13, at Emmanuel Art Academy's "Wonderfully Made" Fine Arts Summer Camp. During the week, students learned basic digital photography techniques, practiced different styles of shooting, and how to use Adobe Photoshop for editing. They also learned how to design a business logo, an event flyer, and a postcard invitation using Adobe Illustrator. At the end of the week, students presented their work to the entire Art Academy and parents at the closing program.

- Planned daily lessons and activities for 4 classes for the entire week
- Created interactive Adobe Photoshop and Illustrator lesson plans for students to follow along in-class and learn to use on their own
- Made Group Photographs of the Instructors and Students, and sent edited files to parents

GRAPHIC DESIGNER

Emmanuel College Franklin Springs, GA 2016 - 2018

I worked alongside the college's marketing department, as a graphic designer, to create design solutions for a variety of campus promotions and events, and promotional marketing materials through posters, brochures, banners, postcards, t-shirts, and web design... just to name a few!

- Brainstormed and executed the IPHC's YouthQuest '17 and '18 design campaigns (marketing materials, t-shirts, digital ads)
- Photographed all Faculty, Staff and Students for yearbook portraits
- Designed several Club and Sports logos and t-shirt requests
- Designed all Educational Departments' informational brochures and posters (Financial Aid, Agriculture, Business, Mathematics)

EXPERIENCE *(continued)*

PHOTOGRAPHER & GRAPHIC DESIGNER

Franklin County Citizen Leader Lavonia, GA 2016 - 2017

What started as a summer internship, resulted in a part-time job opportunity with Lavonia’s Citizen Leader newspaper. I was responsible for photographing local events, such as festivals and concerts, and editing those images for placement into the paper. I also designed house advertisements to promote weekly specials or sections.

- Organized and edited weekly news spreads in InDesign before printing
- Traveled to surrounding cities to photograph events, like Highschool plays or Small-Business Openings
- Edited and resized all images in Photoshop before placement in the weekly newspaper

LEAD GRAPHIC DESIGNER

East Carolina University Greenville, NC 2014 - 2015

I was responsible for creating design solutions for East Carolina University’s Student Media Ad Agency. Over 32,000 newspapers were distributed campus-wide to faculty and students, and many of the paper’s advertisements were designed by myself or my team. I also helped to create promotional marketing materials for Student Media products and events for the college.

- Communicated with outside vendors, such as Chico’s mexican restaurant or Plato’s Closet, to execute and design business advertisements
- Led and worked alongside a small team of talented designers in this ever-changing, fast-paced environment and always met deadlines
- Designed several Clubs and Organizational logo and design requests
