POOL TIPS

Fun in the sun calls for protection! You've heard about protecting your skin but have you heard that you have to also protect your hair? Protecting your hair protects your investment in your color and keeps your hair supple and healthy!

*WEAR A HAT TO
PROTECT YOUR
SCALP AND SHEILD
YOUR FACE!*

*YOUR HAIR NEEDS
SUNSCREEN JUST LIKE
YOUR SKIN*

Try Color Wow's Pop & Lock for UV protection! It also eals split ends, moisturizes, prevents color fade

TRY THIS

POOL PROTECTION

THERE IS NOTHING MORE ANNOYING THAN COLOR FADE. THE HEAT EXPANDS THE CUTICLE WHICH WILL MAKE HAIR LOOK FUZZY AND MORE FRAIGE.

WEAR A BRAID

Wear your hair in a braid so that it is protected from the sun and the product stays in better.

FILL YOUR CUTICLE

WITH 18 AND 1 BEAUTIFIER BEFORE GETTING YOUR HAIR WET. THIS FILLS THE HAIR STRAND WITH SOMETHING NOURISHING INSTEAD OF HARSH POOL CHEMICALS. IF YOU DON'T HAVE ANY PRODUCTS WITH YOU, JUST SIMPLY GET YOUR HAIR WET IN THE SHOWER TO PROTECT THE HAIR. ANYTHING IS BETTER THAN HARSH CHEMICALS.

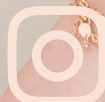

WE ARE HERE FOR YOU, BABE

AFTER THE POOL CARE IS JUST AS IMPORTANT

Use color wow dream filter and a mask after you are in the pool or salt water to make sure you pull all the chlorine, build up and minerals out of your hair.
