

Christine Lowell Photography

PROFESSIONAL HEADSHOT EXPERIENCE

Packages starting at \$495

christinelowellphotography.com

hello there!

Thank you for considering the CLP Headshot Experience. Headshot sessions are available on select Mondays at pre-determined locations varying from indoor, during hot summer months, to outdoor sessions when the weather is nice. If you are looking for more custom availability, location options, and overall experience, please check out the CLP Branding Experience.

For favorable photo shoot outcomes, planning and preparation are vital. Therefore, your session will include a digital style guide to help you plan and prepare for your session. It will include details you want to have prepared prior to your session. You will also want to schedule a pre-session phone consultation to review the session location and discuss your wardrobe options. Throughout your session, you will be coached on how to pose for the camera so you can focus on having fun and smiling authentically.

Rest assured, with over a decade of portrait photography experience and a satisfied client base, you can feel confident that you are in excellent hands. Thank you!

Kindly,

Christine

CLIENT TESTIMONIALS

KIM ECKERT MOORE

"I highly recommend Christine Lowell Photography for photos! I love the results and use the photos for my social media, elevating my presence and the photos show the world that I am invested in my business and am a professional. Christine is the perfect partner to have at your side and behind the camera for this type of photo session. She immediately puts you at ease and gives you confidence, getting the best out of you!"

GINA ALTOSINO

"My headshot session was incredible, such a positive and fun moment in time. It conveys professionalism and shows I mean business. Christine Lowell knows exactly how to capture that and adding branding session photos is an extension of what you do and how you do it. So very thankful for this awesome experience."

JEANNIE WARNKE

"When I was forced to do headshots at my corporate office with another photographer, I was reminded how spoiled I've been by Christine Lowell Photography. I so appreciate her level of professionalism and creativity not to mention, not being in a rushed cattle call type of shoot where quantity over quality is the focus. CLP is the best!"

JENNIFER ERVIN

"Christine is my go-to for my professional headshots. I will never use anyone else! She not only makes my headshots look beautiful and professional, the shoot is fun, easy and quick! Christine is a true professional with a creative eye and will make your headshot stand out above all others. 100 out of 10 recommend!"
