client prep guide

AN UNFORGETTABLE EXPERIENCE DESIGNED JUST FOR YOU.

Magan Rogers Boudoir

Hello Gorgeous!

I'm thrilled to have you here and excited to share more about what you can expect from
The Magan Rogers experience.

This guide is all about making sure you feel completely at ease and supported every step of the way.

It's normal to feel a bit jittery about a boudoir session, but let me assure you, once we hop on our introductory call to lock in your date, it'll feel like chatting with your bestie.

You'll be met with genuine care and honesty, setting the stage for you to fully embrace your true self. Absolutely NO judgment here. And trust me, this isn't your typical stuffy studio atmosphere. I'm all about keeping it real and creating a relaxed vibe. So go ahead, crank up your favorite tunes, and maybe even bust out a little dance move or two. ;)

We will be laughing, being ridiculous, and having the best time doing it - you'll even forget that you're mostly naked with a "stranger". Because by the time we're done - we are friends.

You're about to step out of your comfort zone, and I'll be with you every step of the way. You'll leave this experience feeling confident, powerful, and in love with your images—because you deserve nothing less.

Confidence looks good on you.

BOUDOIR SESSION

the experience

BEFORE THE SESSION

We will set up an introductory call to go over the experience together. We will select the session and options based on what your wants are. Once all those decisions are made, we can select your date. There will be a contract and invoice - payments will be figured out at that time as well.

- *To secure your dream session, a \$750 retainer reserves your date—your first step in saying YES to this unforgettable experience.*

STUDIO LOCATION

My studio is located at 800 Hilton Rd Ferndale - Just a few minutes off 696, a block off Woodward - between 8 and 9 mile. I have a parking lot at the building, and a 24/7 secured entry. Once you arrive for your session, you'll text or call to let me know and I will meet you at the front door.

DURING THE SESSION

During your boudoir experience, you will be able to relax because I will walk you through every step of the process. Remember, it's totally normal to feel a little nervous. But, I got you. You will feel like you're hanging with an old friend in no time. All you need to do is show up and trust that I know exactly how to pose you in order to show off your fiercest side. We will take breaks as needed and I will check in with you as I shoot to make sure you are comfortable because your consent is very important to me!

AFTER THE SESSION

You will get your proof gallery with 48 hours after your session. I will send you all the images in a password-protected gallery. From there you will be able to favorite your images which will go to a final editing process that includes skin smoothing. Blemishes, bruises etc are removed.

WHAT TO EXPECT

This isn't just about beautiful photos—it's about reconnecting with yourself, embracing your confidence, and celebrating the woman you are in a way that feels deeply personal and empowering.

From the moment you arrive at my private Ferndale studio, you'll step into a space designed for comfort, ease, and transformation.

When you arrive, shoot me a quick text or call—I'll meet you at the door, as my building is securely locked 24/7. Once inside, you can set your things down, take a deep breath, and settle in. This time is yours, and I want you to feel at home.

We'll start with a relaxed consultation, going over your vision, outfit choices, and styling preferences. I'll personally handle your hair and makeup, creating a custom look that enhances your natural beauty.

(I'm a licensed Cosmetologist with 15 years of experience!) This is where we connect, chat, and ease into the session—by the time we start shooting, you'll feel like you're spending time with an old friend. Your session is fully guided, with me directing every pose, every breath, and every subtle movement—so you never have to worry about "what to do with your hands" or "how to look good on camera."

We'll laugh, dance, and maybe even have a little impromptu karaoke session. The vibe is completely up to you—whether you want a soft, romantic feel or something fiery and bold, I'll create an environment where you feel comfortable exploring every side of yourself.

The best part? You don't need to be a model. You don't need experience. You just need to show up as you—and *I'll take care of the rest.*

It's one thing to see a photo of yourself, but another to have a whole new perspective on how to see yourself, that to me is absolutely priceless and an experience I can only wish that everyone chooses to go on. - Lena Y.

From soft and sultry to bold and breathtaking, this session is whatever **you** want it to be.

ELEVATE YOUR BOUDOIR EXPERIENCE WITH CRANIOSACRAL THERAPY

you deserve this

Before you even step in front of my camera, I want you to feel fully present, relaxed, and connected to yourself in a way you may have never experienced before.

That's where Craniosacral Therapy with Kelsey Marie at Pneuma Center comes in. Located just three blocks from my studio in Ferndale, this session is designed to gently release tension, calm your nervous system, and help you drop into a deep state of relaxation.

Imagine walking into your session already feeling grounded, centered, and completely at ease in your body. Instead of carrying the weight of stress or self-doubt, you'll arrive feeling lighter—mentally, emotionally, and physically.

This isn't just a massage. Craniosacral Therapy works with your body's natural rhythm to release stored tension and open up space for deeper self-awareness and confidence. Many clients describe it as a "reset for the soul"—a moment of pure stillness before stepping into their most radiant, unapologetic selves.

From the inside out, this is where your transformation begins.

IT'S ALL ABOUT YOU

and your style

Not sure what to wear? Let's collaborate! I'm here to help curate the perfect looks for you.

I meet you where you are on your journey and want you to only sign up for what makes you feel the most confident and beautiful. Based on what that looks like for you, you could choose any of the following or a combination of looks!

CLASSIC & SEXY

- Lingerie rules this genre.
- High-waist shorts along with a cute lacy bra could be your choice.
- A corset with a bottom or regular lingerie could be impressive because it's about wearing what you might not wear so often in real life.
- Shadows, hands, posing, and angles conceal the body and hence there is no explicit nudity, rather an implied one.

SULTRY & EROTIC

- From chains, and body harnesses
- Nipple pasties, corsets, the list goes on for what to wear when it comes to a little bit of a darker vibe.
- Handcuffs, collars - pleaser heels, all check the box when it comes to the ultra sexy outfit.

CASUAL & COZY

- If you're not a big fan of lingerie, you can keep it simple. Lingerie isn't for everyone! Maybe you feel sexiest when you're snuggled up on a rainy day with a cup of coffee and a good book.
- Instead of lingerie, you can wear a soft sweater and cute underwear or your partner's favorite shirt.
- Your boudoir session can include outfits like your favorite bulky sweater or oversized sweatshirt.
- You can lounge seductively on a couch or bed to create photos that are both inviting and coy, representing your sensual attributes.

INVESTMENT

Step into your most radiant, unapologetic self.

WHAT TO *wear*

Something to consider when choosing outfits is that you feel comfortable and confident. I recommend that you bring at least 4-5 outfit choices with you. More than that is definitely ok! We will shoot at least 4 looks. However, there is nothing wrong with many options when it comes to your boudoir session! Sometimes we can shoot an extra look if there is enough time or if we only need to get a few photos in it. If you are unsure how something will photograph, I encourage you to bring it and I will help you choose what will look best. For a wide variety of choices, I suggest a bra and panty sets, bodysuits, and body stockings. The bra and panty set can be with or without a garter and thigh highs, but it's much sexier with them! Don't be afraid to step out of your comfort zone with your outfits!

Need help choosing the perfect outfit? Let's chat! I'm here to help style you for the most incredible session.

Bring at least two bras and undies set. Start with basic black and then add colors and patterns but avoid tiny busy patterns and neon colors. A bodysuit, vintage slip, teddy, shapewear, and/or camisole always photographs well. High waisted undies, Thigh high stockings, a garter belt, and heels are super sexy too. The best colors that fit in my studio are dark jewel tones and neutral colors (white, black, cream, navy, camel, etc.) Bras and undies can be photographed alone or paired with any of the other clothing items or accessories you bring. If in doubt, throw in a cozy sweater too! Cropped or baggy, they are an easy way to add a fun and even sexy element to your shoot!

CASUAL ATTIRE

Not a big lingerie person? Keep it simple. What about your favorite jeans? Some of my favorite all-time photos are shots in a button-down shirt and a pair of jeans. Jeans can be used a hundred ways in a boudoir session-- and all of them are cute. A simple white tank top can be the hottest thing you own. If you are doing your photos as a gift then bring something from his wardrobe. This can be one of his favorite ties, or a button down shirt. Anything that makes the images more personal and sexy to him! One of the most popular looks is a mans white button down shirt. It may be big on you, but it's still cute when the sleeves are rolled, and your unbuttoned and posed just right.

SHOES

Consider bringing at least one pair of black and one skin-colored heel with you. Nothing screams sexy more than a pair of killer high heels. Not only do they nicely compliment your look, the right high heels fit can also highlight your legs, bum, and even your bust. You can also play around with the straps of your heels while shooting the camera a seductive look for a pose.

ACCESSORIZE

You can easily modify the look of your outfit by changing your accessories and moving to a new background. Jewelry, scarves, hats, stilettos, stockings, garter belts, body cages, body chains, rhinestone nipple pasties, etc. Feel free to bring any jewelry you might want to wear. I can help you choose what looks nice with your outfit and what will flatter depending on the poses that you are going to be working through.

HANDS

Your hands can be used in very sensual ways in a Boudoir shoot, you want to make sure they're looking their best. A manicure is a definite must to clean them up is helpful! And if you don't wear polish, that's okay too!

HAIR & MAKEUP

While hair and makeup is included in your session, the only thing you need to do is scroll through Pinterest and find some inspiration or looks that you are interested in emulating. If you aren't much of a makeup-wearer, that's okay too! We will do whatever makes you most comfortable!

SKIN PREP

Don't forget to come with a fresh face for the morning of your session. Hydrate, and moisturize your skin for the best base to get started. If you wake up with a blemish - NO worries, I will photoshop that away!

BE YOURSELF

This is an investment and one that I don't take lightly. I want you to embody who you are and who you want to be. Remember - there are no rules here, and this journey is guided by meeting you where you are at. The more you communicate with me the better your experience will be!

PRO-TIPS

- Plan ahead. Nothing puts a damper on a fun and relaxing photo shoot like feeling rushed.
- A few minutes of yoga, hip openers, and low-back stretches will have you feeling loose, comfortable, and ready to move, trust me!
- No hair ties on your wrists
- Schedule hair and makeup appointments
- Get your nails done
- Brow wax
- Wear nothing under a loose outfit, so you don't have indent marks on your skin from bras/underwear.
- Sleep and hydration: If you're well-rested and hydrated, your skin will glow in front of the camera. Take special care of yourself in the days leading up to the shoot.
- Don't spray tan before your shoot. Often spray tans leave clients looking orange.
- A light, nourishing meal before your session will keep you feeling energized and confident.
- Come with an open mind - and remember, I got you!

FREQUENTLY *asked questions*

DO I BRING MY OWN LINGERIE, OR DO YOU PROVIDE THE OUTFITS?

You need to bring your own lingerie to the photo shoot, I have a stash of some props, and extra outfits but I feel like the process of planning and picking your outfits, and being excited ahead of time is part of the journey.

IS HAIR AND MAKEUP INCLUDED?

Yes! It is also another super important part of the experience. I want you to feel fully pampered. Not only are you getting incredible images but, you deserve to step into the shoot with confidence knowing your hair and makeup are looking amazing!

WILL YOU RETOUCH MY IMAGES?

Yes! I remove blemishes, bruises, and I do light skin smoothing—but I keep the true texture of your skin because I believe in authentic beauty.

WILL YOU SHARE MY IMAGES ONLINE?

I never assume that you are wanting to publicize your images. Do I encourage you to share if you feel comfortable, hell yesss - but, it is not required! You can chose to have your photos shared without your face, or not at all.

CAN I PURCHASE ALL OF THE PICTURES TAKEN DURING MY SHOOT?

No, only the very best images will be selected for editing, and this is where you must put your trust in your photographer. Editing is a very important part of the process, and no unedited pictures will ever be presented to the client. Don't worry, you will have plenty fully-edited images to choose from.

DO YOU HAVE PAYMENT PLANS?

YES! I offer a few payment options! There is a booking retainer to book your shoot, and the balance is due 2 weeks before the date of the shoot! If you want more time to be able to pay off the shoot, you can schedule it a few months out, and pay it off in payments! Let me know if this is something that you want to set up!

HOW WILL I RECEIVE MY PHOTOGRAPHS?

All digital files will be delivered via a private online gallery. If you have an album or wall art it will be delivered to you!

I'M READY! HOW CAN I BOOK?

Your dream session is just a click away! Let's chat and lock in your date—let's do this!

Ready to step into your power? Let's create magic together—book your session today!
