The 'Crazy In Love' neon sign inspires this shoot, with the goal to create a setting that is bold and plays with colour while still having a romantic and luxury feel.

The tablesetting pairs muted shades of pink with a mustard yellow to create a modern, bold and romantic look. The floral design combines muted tones and pops of colour to visually compliment the elements on the table. The velvet napkins add a bold modern feel, the fruits bring the table to life, and the gold tableware creates a luxurious feel.
