TESTIMONIALS

Words from Discerning Clients

“We used Jennifer Patrice as the celebrant at our wedding in March 2023 and she was absolutely fantastic! We got to know her so well over a relatively short space of time before the wedding that by the time the day came around we felt like we were being married by a friend. Her presentation was funny, heartfelt, poignant and totally fulfilled our brief - and beyond. Everyone commented on what a positive contribution she made to our day and we highly value how much she made our dreams come true!”

“Jennifer Patrice was an outstanding celebrant for our wedding in Oxford. Our wedding was a mix of three languages, two religions, and a humanist element and she blended all elements together into a ceremony that really reflected us as a couple. Family and friends still talk about how moving and joyful our ceremony was, led by Jennie. I'd recommend her to anyone who is looking for someone who deeply enjoys creative moments of collective love and joy.”

“Jennifer has a very thoughtful process when it comes to planning and customizing ceremonies to your preferred taste. Jennifer met with my Wife twice ahead of our wedding day to make sure we had given her all the direction we could think of and talked through all of the options she had to offer us. On the day of the wedding, Jennifer arrived early to seek out everyone she needed/wanted to meet and speak with prior to the ceremony. The feedback from our guests was 10 out of 10, they all loved it.”

“Jennifer was really thoughtful and took the time to get to know us. We really appreciated her travelling to our home to speak with us in person in our environment and felt she took into account our preferences, whilst encouraging us to try rituals and ideas we hadn't thought of. She also gave us confidence to follow through on having the unique ceremony we knew we wanted, but were nervous about. Jennifer was amazing on the day and brought a joyful quality to the ceremony that we loved.”
