THE EXPERIENCE

My ultimate goal is to serve you with your very own authentic love story in the MOST beautiful, natural style.

Drawing on two decades of editorial experience in the London fashion world - I've developed a unique balance of photojournalism, effortless creativity & a devotion client experience.

My extensive history in Art Direction & Photography means I am able to direct you with empathy in effortless poses, ensuring you always feel comfortable, relaxed & happy - whilst also documenting your whole exquisite day as it unfolds around you.

"From the start of the process to the end we were blown away with Teri's talent, kindness and professionalism. The quality of the service, advise, coverage and photos are outstanding. We would recommend Teri in a heartbeat. She was an absolute pleasure to work with."

THE PROCESS

Lets Chat...

Begin by filling out the form on my contact page & tell me a little about yourselves. From here I'll be back in touch to arrange our first proposal meet up. This can be via zoom or maybe we could meet in person over a cuppa.

Lets make it official.....

After your proposal meeting I'll be able to create a personal bespoke quote that fits you perfectly. Taking in to account your own idea's & wishes as well as the items you'd like delivered in the end production.

Engagement session...

Having an engagement session means you'll be confident & experienced ahead of your wedding day. We'll get to know each other well & practice a few poses. You'll basically get comfortable being together in front of the camera plus the added bonus of having a beautiful set of images in your normal clothes.

Time line Consultation...

On booking we will schedule in our final meeting via zoom FOUR weeks before your wedding day. This is where we go through the final timings of your day & collate all the relevant information about important group shots & events.

THE WEDDING DAY!...

I begin 2-3 hours before your ceremony time & finish when I feel I have captured enough of the evening celebrations. I'll stay longer for additional firework moments & always love to finish the story of your day with an night time couples session.

Gallery delivery day...

You'll receive 10+ sneak peeks just two days after your wedding. Then you'll receive your first 100 images, a mini story of your day, in an online gallery within 3 weeks. After this you'll receive your full edit in around 4-6 weeks. There's no long wait times so you can share your beautiful images whilst the excitement is still strong.

PRACTICE MAKES PERFECT...

It really does! Its basically practicing before your big day so you have complete confidence in front of the camera when the time comes. Its a great way for you to not only feel comfortable having your photo taken but we'll also get to know each other really well too. We'll walk around for a bit, I'll get you to try out a few poses & you'll learn to be natural & comfortable with each other whilst having a camera on you. Its easy really. Let's choose somewhere special, like where you got engaged or a favourite beauty spot in contrast to the scenery at your wedding venue. You'll also have a set of fab images in your normal clothes.
