Breeze Digital Signage System
Breeze Digital Signage Media Player: 10S-BRZ

The Signwave 10S Breeze Digital Signage Media Player is a revolutionary way to deliver dynamic signage content for meeting room management using efficient methods and an Android OS. Breeze uses HTML5 Powered software that has unbeatable playback reliability and security, with an intuitive and simple user experience.

The 10S-BRZ features a slim design, that is power over ethernet ready and easily mounts to any surface, including glass.

Modern Room Management
Share individual room schedules on Signwave, or the whole calendar itinerary. Plus, easily create a directory with our Readerboard widget in conjunction with your Breeze Digital Signage displays.

Easy to Use Inside Breeze Digital Signage Software
The Signwave design tool is built inside of Breeze Digital Signage, so you can easily create and update your Signwave content anywhere you have internet access.

Integrates with Multiple Calendars & EMS Providers
Integrate your Signwave with a multitude of EMS and calendar options, including Oracle OPERA Cloud (OHIP), Google Calendar, Outlook, Ad Astra, Exchange, LibraryMarket, Accruent, Amadeus, 25Live, and more!
