### HI THERE!

I'm Bhi

I'm your trusted source for capturing the timeless moments of new beginnings and family joy right here in the heart of Kansas City. It's such a privilege to be a part of other family's once in a lifetime moments.

My passion is anchored and dedicated to preserving the essence of your family's unique story. Specializing in newborn and family photography, I believe in freezing the fleeting moments that make life truly extraordinary.

As a Midwest native, I draw inspiration from the diverse landscapes and vibrant communities that surround us, adding a touch of local flavor to each photograph. My goal is to create a comfortable and enjoyable experience for every client, ensuring that each session is a true reflection of your family's love and connection.

Whether you're celebrating the arrival of a precious newborn or capturing the laughter-filled moments of a family, I'm here to turn those special occasions into cherished memories. Join me on a journey to document your story – where every click is a celebration of the beautiful chapters that make up your family's narrative. I can't wait to be a part of your story and create images that will be treasured for a lifetime. Let's capture the magic together!

let's connect!

## MATERNITY

Your pregnancy is a time you will treasure forever. Your entire world is changing and a maternity session is a perfect way to capture the love of your growing child.

I will document you with pure, elegant, romantic photos. You are welcome to bring along your spouse, children, or pups to take part in your session.

A maternity shoot is usually done between the 28th and 32th week of your pregnancy. We can choose a beautiful location, but you're also welcome in the studio for beautiful portraits and boudoir photos.

In this guide you'll find valuable resources and inspiration for outfits that are perfect to show your beautiful bump.

## FIRST YEAR membership

From growing in mom's belly to turning one - it goes so fast!

This exclusive offering will ensure that you don't miss documenting an important milestone.

With the membership, we can capture all the wonderful moments.

You can choose from three packages that all include the following: -Newborn Session -Baby's First Birthday -Style Guide -Print Credit

Membership bonuses also include:

 Discount on your sessions
The added benefit of receiving beautifully captured moments without any additional charges for image delivery

The session is all about connection. The smile on your face while you look at your baby, daddy's hands holding your little newborn.. The first days with your baby are so special and I want to capture this beautiful moment for you to cherish forever.

In this guide you will find styling tips and inspiration. I recommend mamas to wear something comfy and flattering for their sessions. Coordinate the rest of the fam after you've chosen your outfit.

Maternity sessions typically take place on location outdoors, but for an additional fee a studio can be made available for boudoir photos. Newborn photos are typically taken inside your beautiful home. Milestone sessions can take place wherever you like - home, at a park, your back yard.

After your session I will cull and edit your photos. A preview will be sent to you within 24 hours of the session. Your gallery is typical ready within two weeks following our time together. You will receive unlimited downloads of these images, along with your print credit to the print shop.

## HOW TO prepare

#### BEFORE THE SESSION

By booking your newborn session, I will get your due date on my calender. Since the arrival of the baby is typically unpredictable, we will schedule your session after the baby is born. Please contact me as soon as the baby arrives, so we can schedule your session. I suggest scheduling when the baby is 5-14 days old, to get those cute, sleepy newborns. But there is never a wrong time to document your baby!

#### SESSION DAY

You can change and feed the baby just before the session, so the baby will be sleepy. Depending on how the baby does, the session can take anywhere from 60 to 120 minutes. We will take our time and never rush! We will take a break when baby wants a break. And remember, when you are relaxed, so is the baby.

Deciding what to wear for your photoshoot can seem like a hard task. But I'm here for you to make it fun and easier!

Your outfits are important for the outcome of the photoshoot. Because we love a good outfit, but the most important is that we look at you. It's your time to shine, without the distraction of too noticeable clothes.

In this guide you'll find examples and tips to get some inspiration for your outfits. With these tips, I'm sure you'll get the best out of your session.

I'd also love to help you personally, so please let me know if I can help!

- Complement, don't match. Don't use exactly the same outfits.
- Choose textures over patterns.
- Do you love prints? Choose not more than one outfit with a subtle pattern.
- Avoid bright colors, text, and striking prints.
- Take care of your hands and nails.
- Wear *nude* no show underwear.

WHERE TO

Amazon Old Navy or Gap Abercrombie & Fitch Altar'd State Bohme

My gift to you:

10% off all future sessions with the purchase of a membership

# AL LA CARTE

Wanting to join in on a membership but already had a newborn session? Contact me at bri@brianneephoto.com for a custom package!

#### FAQ

Q: Do we have to purchase the images inside the digital gallery once we receive them? A: No! The pricing for all sessions includes all of your edited images delivered to you without any strings attached. They will be ready for download, and with your print credit you'll be able to order some prints from the print shop.

Q: Can I book a newborn mini session?

A: Unfortunately, no. Newborn sessions take more time than 30 minutes in general, even to get those essential images.

Q: I really want to do a studio session for maternity and/or newborn photos. What does the studio rental cost? A: The studio is located downtown in KC. For an additional \$150 I can reserve a time for us to meet there instead of outdoors. I have props that are used for all sessions I'll bring with me, and the studio has some furniture we can use. Pets are not allowed in the studio.

Q: What kind of cake is provided for the First Birthday session?

A: A small individual cake is provided for this particular session. I'll contact you ahead of time to see how you would like it decorated. A cake pedestal is provided. We'll document their first birthday with a small cake smash AFTER a few family photos, of course!

Q: Tell me more about the 10% discount once I purchase a membership package with you.

A: Once you fulfill your First Year Membership with me you'll always receive 10% off mini and full sized sessions. This discount can be applied towards a repeat purchase of the First Year Membership. So if you have another baby and invite me to document those memories the membership offers discounts inherently with the way things are bundled on top of saving an additional 10%.
