

ICONIC INSTALLS

For couples dreaming beyond a curated framework, our Iconic Installs offer fully custom installations designed from the ground up. These statement pieces are created in collaboration with you, allowing us to transform your vision into a one-of-a-kind moment that anchors your wedding aesthetic.

From conceptual design to final installation, every detail is thoughtfully considered. Whether you're envisioning a dramatic seating chart display, a sculptural welcome moment, or an immersive installation that sets the tone for your celebration, Iconic Installs allow creativity to lead the process.

This experience is perfect for couples who:

- ✓ Have a distinct vision or design inspiration
- ✓ Want a statement moment that feels truly personal
- ✓ Are looking to incorporate unique materials, structures, or interactive elements
- ✓ Value collaboration and thoughtful design development

Each Iconic Install begins with a design conversation where we explore your aesthetic, priorities, and event flow. From there, we develop concepts, materials, and execution plans to bring the installation to life in a way that feels cohesive with your overall wedding design

.

Because these installations are built specifically for your event, pricing varies based on scale, materials, and complexity. A custom proposal will be created following your design consultation.

INDIVIDUAL INSTALLATIONS
