

Quarterly Pest Control Plan

Exterior

- Sweep and treat the eaves for spiders webs
- Sweep and check for and wasp nests (not requiring a ladder)
- Large protective full foundation spray barrier to ward off invading pests
- Further treatments along the walkways, driveways as well as maintaining a perimeter along the property as needed

Interior

- Treat along base boards as warranted for contact with crawling insects
 - Entry Point Protection
 - Doorways
 - Window sills
 - Check for openings and make appropriate recommendations
 - Check and Replace Monitors
 - Bait for Pests (as needed)
 - Attics
 - Crawl spaces
 - Laundry room
 - Kitchens
 - Treat around plumbing areas
 - Kitchen
 - Baths
 - Laundry room
