FAMILY SESSION

WELCOME GUIDE

IT'S SO NICE TO MEET YOU!

I'm Brandy, and I absolutely love family portrait photography. I am so honored that you are considering booking a session with me! I'm excited to share a little more about what a session with me is like, so you can decide if a Brandy Austin Photography portrait session is the perfect fit for your family.

When I am not behind my camera, you will most likely find me chasing around my littles, with a cup of coffee in tow! My hubby is my right hand man & business partner, so you may see him every now and then during a shoot! If you walk into our house, you will see that our walls are covered in family photos because we are so proud of the life we have created!

I'd love for you to take a look through this guide to find everything you need to know about booking your session, and don't hesitate to let me know if you have any questions that don't get answered here! I can't wait to get you in front of my camera!

Every family has a story...

TELLING YOUR STORY

Your family portraits should tell the world who you are, and showcase each family member's personality! My goal, as your photographer, is to catch the sweet smiles and silly looks, and maybe even that baby belly laugh that you can't get enough of! My style is bright and colorful with rich tones! I love the way shadows and highlights create a sense of depth and mystery in a photograph. I value transparency and vulnerability and I believe that my style of photography tells that story

WHAT TO EXPECT

A family session with me is easy-going and fun! I sing songs, play games and do my best to bring out your natural personalities! My style is to capture your family as you really are, focusing on the connections between you and the ones you love the most! Not only does this keep the session light on stress and anxiety, but it creates an environment for the whole family to truly be themselves and have fun. It is my hope that you and your family will thoroughly ENJOY your session and the time we spend together. I consider it an honor each and every time i am privileged enough to capture your memories!

SCHEDULING YOUR SESSION

When it comes to booking your session, earlier is usually better! My calendar tends to fill a couple of months in advance, so as soon as you're ready to book your session, be sure to reach out to reserve your spot! I typically schedule family sessions in the evenings an hour or two before sunset, for the best and most flattering lighting.

My weekends fill up the fastest, as does the Fall season, but you can jump to the front of the line by booking a mid-week session! Need a peak time? No problem! Just let me know as soon as you can so we can get your spot reserved!

CHOOSING YOUR LOCATION

The location of your portrait session is up to you! I have several favorite spots that I am always happy to recommend, and always love to showcase the natural beauty of our area. I love shooting in natural spaces with gorgeous evening light! My urban settings are fun too, and add a sophisticated feeling to your session. You really can't go wrong, either way!

If you have a specific location in mind for your session, I can't wait to hear about it! Or maybe you have access to a special location that others do not. I always love when clients are able to secure a unique spot for their session! If you're not sure where you'd like to have your session, no worries. We'll chat and decide together on the best spot for your family.

“There are moments that I know I will long for even
as i live them.” -Judith Katzir

FAMILY SESSIONS

REAL MOMENTS FOR REAL PEOPLE

I just want to thank you for considering me to capture your precious memories. You should know that I never take this privilege lightly. When you invest in me, I will give it everything I've got to give you a wonderful experience that you will never forget. To leave you with a snapshot of life in this beautiful, fleeting season. As a mommy myself, I can attest to how freakishly short these seasons really are. They fly. You blink, and suddenly your last baby is in 2T clothing. Time stops for none of us. But thankfully, we have the ability to preserve it. My hope is that we will have a ton of fun, capture priceless moments and ultimately fill your home with gorgeous heirlooms that will stand the test of time!

BUT WHAT DO I WEAR?!

When it comes to family photos, the question i get most often is, “What do we wear?!?” And I totally get that! So here are a few tips to help you pick out outfits that you’ll look amazing in while still feeling comfortable and relaxed!

-I always find clients are so much more comfortable if they're wearing clothes they feel confident and comfortable in, don't test out those new super high jeans, go for something you've worn before and you know you feel good in -- unless those jeans are part of your go-to feeling great outfit -- then you rock them!!

-Go for loose, flowy , natural fabrics like linen, cottons etc that will move with you.

-Neutral, earthy colors such as beige, grey, white, black, denim, rust, mustard, blush, blue all look beautiful in the locations I generally shoot at.

-Avoid large prints, patterns and any large graphics or logos.

-Avoid being too matchy, matchy - Ideally your outfits will compliment each other but not blend into each other.

Thank you again for considering me for your family's portrait session! I hope that this guide has given you a good idea of the fun you will have and the types of images and experiences you can expect from a session with me!

I'm looking forward to hearing from you!
