

## Saddle Up & Slow Down in Ireland

April 15-22, 2026 | A Slow Luxury Journey for Just 8 Guests | Land Only

Saddle Up & Slow Down in Ireland is a one-week, slow-luxury hosted journey along the Northern Irish North Coast. It was created by Margaret of For The Good Times Travel and Hazel of Crindle Bespoke Experiences — two friends with two very different perspectives. Hazel is the Northern Ireland native who knows every lane, tide, tradition, and story of this landscape. Margaret is the storyteller who fell for this coastline in a way she could not shake. Together, they have designed something you will not find in a standard itinerary.

### Why This Trip Is Different

Most itineraries follow a template. This one does not. This is a fully custom journey shaped through months of collaboration between Margaret and Hazel. It brings together experiences rarely offered in the same week: quiet equestrian time, heritage visits, artisan workshops, coastal wellness, private access moments, and the feeling of being welcomed into Northern Ireland, not simply passing through it.

### A Glimpse of What You Will Experience

- Up-close equestrian moments at Crindle Bespoke Experiences
- A private morning at the dramatic Mussenden Temple
- Touring along the breathtaking Antrim Coast
- A heritage walk through Derry with a specialist local guide
- Artisan time at Hanna Hats with a bespoke cap made just for you
- A fireside lunch during a working sheepdog demonstration
