DESIGNED TO FEEL LIKE YOU

While each bundle is thoughtfully curated, every installation within your collection is personalized to reflect your wedding details. From wording and layout to color, materials, and subtle design refinements, each piece is tailored to feel cohesive with your overall vision.

For couples dreaming of expanded customization or statement moments beyond their bundle, additional upgrades and Iconic Installs are always available to further elevate your design story

WAYS COUPLES OFTEN PERSONALIZE THEIR COLLECTION:

- Swapping small details (ex: luggage tags in place of golf balls)
- Adjusting colors and finishes to align with your palette
- Custom wording, phrasing, or typography choices
- Material upgrades like acrylic, linen, or specialty paper
- Subtle styling changes that reflect your aesthetic

Your collection is the starting point, the details are where your story comes to life
