*Information and Pricing Guide*

# WELCOME

*I can't wait to capture your beautiful moments.*

My passion is in creating unforgettable imagery of your best day ever - exactly as it happened - and then some. I focus on candid moments, but also those typical posed shots that you love. Your Wedding or Elopement Day is just something so incredibly special, and I take that very seriously. Intimate events with your closest people, are my vibe. The entire experience is about you, the couple. Photography for your day is an investment, but one you will not regret. The photos will be the only thing left over, after everything is said and done. My Pricing Collections range from Half to Full Day. Hourly coverage available upon request. I am so excited you're considering me in your search for the perfect photos.

# COMMUNICATION

I keep in contact with you throughout the process, but if you need something from me, don't hesitate to reach out to me. Email is likely the fastest form of contact for me. I check my inbox on a daily basis, sometimes even more than that. So you can be sure that I will respond pretty quickly.

01.

*Email*

I will be using email for 90% of our communication. This will be done through my CRM system called, Honeybook, or directly through the email app.

02.

*Phone*

Phone calls can be scheduled for the following:  
Initial Consultation Call  
One Week before Engagement Session  
One Month before the Big Day  
*If you prefer email, that's okay too!*

03.

*In person*

If possible, I'd love to meet for our initial consultation to see if we'd be a great fit. If this doesn't work for you (or travel does not allow), no worries, I'd love to chat however you are comfortable. Just let me know.

# HALF DAY COLLECTION

*Investment Cost - \$2500*

## *01. Complimentary Engagement Session*

Celebrate your upcoming vows with a session of the two of you! Choose a location within the state of Iowa - or Day After Session (if a Destination Wedding), with up to 2 hours of shooting time and all edited digital images delivered in an Online Gallery. It's also a great time to plan for your hair and makeup trial.

## *02. Wedding Day Coverage*

The Half Day Collection includes up to 6 hours of coverage - time can be added on, if your day is going to run longer. It typically can cover a range of the Day, it just depends on what parts are most important to you. This Collection is suggested for Elopements or smaller, more Intimate Weddings, as it will not be a full day.

## *03. Optional Second Shooter*

For longer Weddings, I highly suggest my Second Photographer coming along, so that there is an extra set of hands, photography-wise. You can opt-out of the Second Shooter, but most bigger Weddings I bring them. There is no additional cost, it is built into your price. And allows for more photos from your Day.

## *04. High-Resolution Digital Image Gallery*

Following your Wedding or Elopement Day, you'll receive a Sneak Peek within a few days and then when the editing is complete, an email invite will be sent to you to access your Online Gallery with the fully curated digital photos. This includes Unlimited Downloads, you can share images, and also order any Prints you'd like.

## *05. Photo Timeline & Questionnaire*

After booking your Wedding or Elopement, you will be sent a Questionnaire inside your Client Portal in my CRM, that you can complete anytime before the big day. Once this is done, I will then use that to compile a customized Photo Timeline, to keep everything as stress-free as possible and organized.

## *How early should we book our wedding photographer?*

It's recommended to book your wedding photographer as early as possible, ideally 9-12 months before your wedding date. This ensures that I can reserve your date and plan accordingly. Sometimes couples plan on shorter engagements, just drop me a link to check if your date is open!

## *What is your photography team's experience with weddings?*

We have extensive experience in capturing weddings of all sizes and styles, and are well-prepared to handle various lighting conditions, venues, and the fast-paced nature of wedding days. ## *Can we customize our wedding photography package to suit our needs?*

Absolutely! I offer customizable photography collections to fit your unique requirements and budget. ## *How long will it take to receive our wedding photos?*

The turnaround time for delivering edited wedding photos typically ranges from 8-10 weeks, depending on the complexity of the project. I ensure that each image is carefully edited to perfection. I always try to deliver as quickly as possible, and during less busy months, you may get your photos much sooner.

## *Can we provide a shot list or specific photo requests?*

Of course! I encourage you to share your shot list and any specific photo requests you have. I love it when couples just trust us to do our magic, believe me, it will all be there!

## *What happens in case of camera malfunctions or unforeseen issues?*

We come fully prepared with backup cameras, lenses, and equipment to handle any technical issues. We also have backup photographers available to ensure that your day is always covered.
