

TAE RYONG PARK ACADEMY

We Transport !

**Proudly serving the Pembina Trails
School Division for over 20 years!**

The TRP Academy's **Before & After School Program** is the only program of its' kind in the area. We provide children with a fun and exciting before & after school experience as they learn martial arts skills as well as martial arts related values. Established in 1993, our programs have been designed to assist parents with the tough job of providing their children with the tools and skills needed to overcome their daily obstacles. Whether it be needing more focus at school, dealing with bullies, increasing self-confidence, or just having too much unfocused energy, our program is here to help your child become a **SELF CONFIDENT LEADER** all while receiving the care which they deserve.

TRP Before School Program - A great way to start off your child's day. Drop them off at the Academy before heading to work and we will help them to start their day off right by giving them energy & focus through exercise and martial arts training before driving them to school. All this while providing you, the parents, with the best before school care.

TRP After School Program - A great way to the end of your child's school day after hours of sitting at school. We will pick up your child from school and provide them with a daily exercise regime & martial arts training to help rejuvenate them & get them settle to face the rest of the day productively, all this before you are done work.

TRP Before & After School Program - Give your child the best of both worlds. Start their school day off right and end it even better.

- **Daily Fitness & Martial Arts Lessons**
- **Snack Time**
- **Homework Time**

TRP also offers full day camps: In-service days / Winter break /Spring break /Summer break
