CanPrev's Beautiful Skin formula delivers a potent, proprietary extract of plant based ceramides - nourishing lipids that help smooth fine lines and improve the appearance of your skin. Ceramides are naturally found near the outermost layer of our skin and are critical to preserving our skin's youthful appearance. Over time, levels of ceramides in the skin decrease, producing visible signs of aging.

Beautiful Skin features Ceramosides™, clinically proven to reduce wrinkles in 15 days.

Beautiful Skin Ceramosides™ also help to reduce roughness, improve smoothness and increase

elasticity of the skin within 15 days and support a further increase in skin benefits after two months.

\*Two Clinical studies - results after 15 days at 30mg/day (1 capsule per day).

## Each capsule contains

Wheat extract ..... 30mg  
(Triticum aestivum) seed, 667:1, digalactosyl diglyceride 40%, ceramides 50%
