Subject: Economic development projects

Hi,

Kevin and I had a call a few days ago, but reception started to get spotty. I'd like to follow up on the timeline around the undisclosed economic development project that it sounds like the county has been in talks with in the Hermantown area. I'd also like to request data on which commissioners have signed a non disclosure agreement about this project. I know that file would need to be redacted, so I

do not need a copy. I would just like to know the status of who has signed a non disclosure at the board level.

My hope is to bring forward the childcare proposal from providers in a timely way so it is not considered after all other economic development projects, so any guidance on that would be appreciated.

Ashley Grimm
