FLORALS & EVENT DESIGNS

ABOUT OUR TEAM

Selecting the right design team for your wedding day is more than just about arranging pretty flowers

If you have viewed our social feed or website, you know we create stunning designs. But selecting the right design team for your wedding day is more than just about arranging pretty flowers.

Founder, Abby Saccamanno, began her company over 20 years ago with a desire to provide beautiful floral designs and exceptional customer service.

Our team has grown into the perfect combination of talented, visionary designers and event professionals who understand the full scope of your wedding day. When you select Abby's at The Cottage we become partners with you, your venue, and your coordinator to make this once-in-a-lifetime event flawless - and of course beautiful!

PROCESS

01

Complimentary Consultation

Once you have your date and venue we will send you a questionnaire and ask for your inspirational photos. During your consultation, we will review your floral "wish list" and overall vision for your wedding designs.

02

Receive Your Custom Proposal

After your consultation, you will receive a beautiful customized proposal. You can make as many revisions as needed until the proposal reflects your perfect vision and budget. Once you agree to the proposal, you will pay 30% as a deposit to confirm your date and you are all set!

03

Final Proposal Review

Three months before your wedding we will meet to review your original proposal and make any adjustments or additions to your order. Then it is passed over to our Design Team to finalize your floral selections.

04

Design Meeting

This meeting is held at our studio. A member of our design team will present the beautiful blooms selected for your approval, fine-tune rental items, and review the details to ensure a flawless wedding day.

Wedding Day

You finally see your vision become a reality!

KAYLEIGH A,

The whole team at Abby's was AMAZING!! I told them that flowers were one of the most important things in my wedding vision. They delivered something more beautiful than I could have ever dreamed. They were also so curious and thoughtful in this process. Highly recommend!!!

JACQUILINE M.

Abby's at the Cottage is INCREDIBLE to work with. I cannot say enough positive things about the entire team. From the beginning, they were so respectful and mindful of staying as close to my budget as possible. One of my favorite things about this vendor is the template they give you when you go over your proposed florals. It is so incredibly detailed with pictures and information.. Also, the design meeting right before the meeting was so thorough and the team is meticulous in achieving your vision. I cannot recommend this vendor enough! They are sweet, professional, talented people!

COREY M.

Absolutely loved working with them for our wedding! Everyone was so responsive and helpful with any requests or questions we had. Their recommendations really helped add to the ideas that me and my mom had which was amazing. The final products were some of my favorite aspects of the wedding!

MARIANA B.

Hiring Abby's team was hands down the best decision I've ever made. My wedding day was STUNNING & MAGICAL. Every single detail was more beautiful than I imagined. Many changes were made throughout planning but they were so sweet & patient. I won't ever get over how impeccable my flowers and decor were. Simply flawless.

FAQ

When can I schedule a consultation?

Once you have your wedding date, venue, and color palate selected we would love to meet with you. We only take a few events each weekend so recommend booking as soon as you have these decisions made. This initial consultation is typically held virtually.

After I book can I make changes?

During the proposal process you can make as many changes so your proposal reflects your vision and budget. Since we work with a limited number of clients each weekend, when you sign your initial proposal we contract with you for the financial investment in the proposal. We have a proposal review about 3 months before your event when you can make adjustments and additions. We will review this process in detail during your initial consultation.

What if I just can't make design decisions?

In a Pinterest and Instagram world, it is certainly understandable! A lot of our brides benefit from Vision Boards and find it helpful to make those design choices. This service is an additional investment but can really help you gain clarity of vision and ensure a cohesive look for your wedding day.

What other decor items do you provide?

We offer a studio full of pretty things such as lanterns, candles, arbors, drapery, etc. Anything related to your event design we are happy to provide, even if that includes sourcing items not currently in our inventory.

We also offer custom signage and have a variety of options to choose from!
