# LUMINOUS WEDDINGS

## *process*

We believe our couples always come first, it is fundamental to what we do to listen deeply and understand your relationships, your values and your story.

1. Listen closely to understand your story and your relationships
2. Understand your unique values so we can anticipate your wants
3. Plan how to best capture your day, your story and what matters to you
4. Show up to your wedding ready to give you all our energy
5. Preserve your story in beautiful printed artwork

Our process is not only to create images that will blow you away but to make an equally memorable experience.

*“Luminous Weddings is a calming force on an overwhelming day” – Sam & David*

*“They created photographs that truly defined us as a couple” –Halie and Ariel*

# WEDDING ALBUM

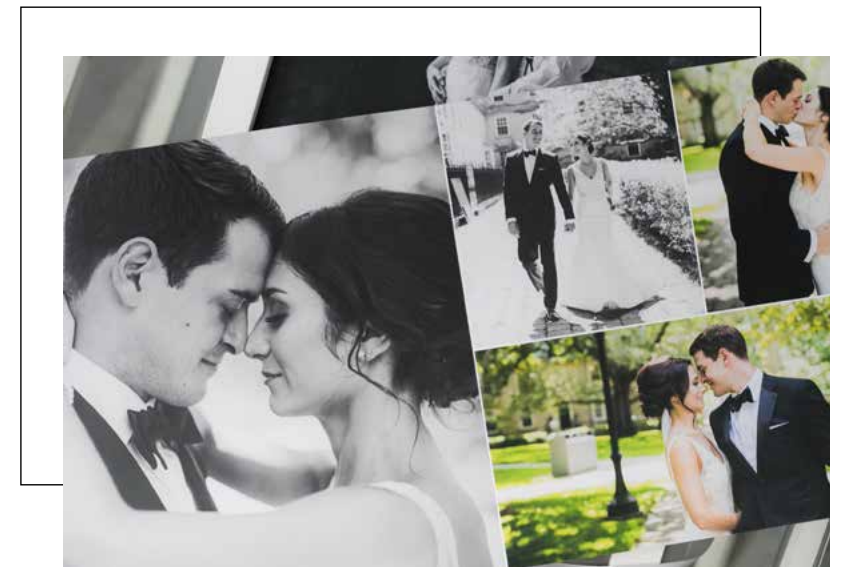

In this digital age, we truly believe that albums are more valuable than ever.

This is how your photos will live on, be enjoyed, and passed on from generation to generation.

All of our collections include an album and 95% of our couples choose to get one.

We offer the best albums in the world. Handmade in Italy, they are truly a luxurious experience every time you open them.

We want your album to be as unique as your love. We use our albums to tell your story in an authentic and elegant way.

A romantic couple is silhouetted against a vibrant sunset over a city skyline. The couple stands on a rocky shore, facing each other in a tender embrace. The sky is a mix of orange, yellow, and red, with the sun low on the horizon. In the background, the city skyline is visible, with the CN Tower being a prominent feature. The water in the foreground reflects the warm colors of the sunset.
