## Your Helping Hand

We want your day to run as **smoothly as possible**. Available from 9am on your ceremony day until the end of the evening we provide an **experienced wedding-team member** who will handle the logistics in setting up and re-arranging any furniture in the Fort or Garden whilst supporting the needs of the **bride, groom and guests**. In the morning we will consult with the bride and or groom to help make the decision to have an inside or outside ceremony - if the weather looks uncertain, they can **set you up for both!**

We will liaise with the registrars when they arrive, locate the groom and bride when required, help direct any suppliers/bands/entertainment with when and where they can store equipment/set up and continue to offer venue support until the end of the evening.
