# WEDDING DAY PACKING LIST

## *Welcome*

Your wedding day is a collection of real, unscripted moments—big and small—that deserve to be captured beautifully. As an Edinburgh wedding photographer, I

specialise in documentary and editorial wedding photography, blending natural, storytelling images with effortless, artistic portraits. My approach is relaxed and unobtrusive, ensuring your photos feel authentic while letting you enjoy every moment.

I hope these tips help make your wedding planning a little easier! Whether you're planning a city wedding in Edinburgh or a celebration elsewhere in Scotland, I'd love to be part of your day.
